

Looking for a skilled **CNC Programmer** to join team of manufacturing professionals.

To apply, email: [Bespinoza@goodwinrecruiting.com](mailto:Bespinoza@goodwinrecruiting.com)

**General information**

- This shop makes body jewelry. They also do prototypes for aerospace, automotive, semi-conductor.
- Work hours are MF - 7:30 - 4:00 (Optional overtime available)
- Vaccination preferred but not required
- open to regional relocation

**CNC Programmer Qualifications:**

- Trade school, or equivalent work experience.
- 5+ years CNC Machining
- 3+ years of experience with CNC Programming of Haas CNC mills.
- 3+ years CAD/CAM software experience
- Proficient with Master CAM and SolidWorks
- This programmer needs to be able to hand program directly at the machine as needed; must also be receptive to performing the duties as a CNC Machinist as well (no job too small!).

**CNC Programmer Responsibilities:**

- Read and understand prints, drawings, sketches, and specifications.
- Working knowledge of processes and needed parameters for efficient machining of materials including proper speeds, feeds, depth, and angle of cuts.
- Prepare and load raw materials and parts onto the machines.
- Experience setting up and operating Makino 5-axes machines.
- Check and maintain machinery daily to ensure functionality.
- Maintain work area and equipment in a clean orderly condition and follows prescribed safety procedures.
- Edit existing program files to improve the process.
- Interact with production planning and quality control departments to achieve on-time delivery, quality, and profitability goals.

**Job qualifications / experience and technical skills:**

- Trade school or equivalent work experience.
- 5+ years as CNC Machinist (Mills, Lathes, Makino and/or Swiss)
- 3+ years as CNC Programmer and CAD/CAM software experience
- Proficient with Master CAM and SolidWorks

**Salary and Benefits:**

- Medical/Dental/Vision
- Vacation and holiday pay
- 401(k) plan Full-time M-F 7:00 a.m. – 3:30 p.m.
