

Asian Citrus Psyllid (ACP) Scouting and Monitoring Workshops in San Diego County (Rancho Santa Fe Area)

The University of California Cooperative Extension and the County of San Diego is hosting free workshops for homeowners, landscapers, Master Gardeners, and the general public.

The workshop will provide an overview of proper Asian citrus psyllid (ACP) scouting techniques from:

- Dr. Monique Rivera, University of California Riverside Entomologist
- Sonia Rios, UCCE Farm Advisor
- Tobias Moyneur, UC Staff Research Associate
- Geoff Hollenbeck, UC Staff Research Associate

Attendees will have the opportunity to practice psyllid scouting techniques in blocks of trees known to host ACP and learn about the disease the insect vectors, Huanglongbing

- Strongly encouraged to bring a hand lens (a loaner hand lens will be provided if needed).
- DPR Continuing Education Hours will be given upon approval (2 hours of “Other”).
- Location in the Rancho Santa Fe area will be announced a week prior to the workshop.

Coffee, water, and light snacks will be provided

Space is limited, please register at: <http://ucanr.edu/survey/survey.cfm?surveynumber=27613>

June 20, 2019, 9-11 AM
