

So, you've heard that childhood lead poisoning is a problem in Cleveland, and in our neighborhood.

Want to learn more? Start here. We'll answer these questions and more!

- What is lead poisoning? Why does it matter?
- How can we prevent individual children from being poisoned this spring?
- What can we do to keep families safe?
- Who's helping make housing lead safe among nonprofits and local government?

Get the who, what, when, where, and why for all things lead poisoning and prevention.

Wednesday, March 15th, 6:30-8 pm
