

**February 2019**

Dear Families,

February, the month of hearts and love! How blessed we are here at McLean with our wonderful McLean Auxiliary! For the third year in a row, they are organizing a giving tree! All residents' requests for a Valentine's Day treat are put on heart shaped tags. Staff, families and friends fill these requests, and they are lovingly distributed to residents on Valentine's Day! Thank you Auxiliary! Your efforts are a major part of the magic that is found at McLean.

We thank you for not coming to visit us when you are not feeling well. It is so important to keep our residents safe during this season of flu. Remember - wash hands frequently during this time of year!

Please also remember our suggestion box which is in the living room by the fireplace. We are eager for feedback at any time. Carlene Rhea serves as the McLean Grievance officer should you ever have a concern.

Enjoy the 28 days of this short month! Stay healthy! We look forward to hearing from you at any time.
