Amazon awards a percentage of eligible purchases to a designated charity through its Amazon Smile program.

Here's how to sign up:

Step 1:  Go to smile.amazon.com and login with your Amazon credentials

Step 2:  Under the heading "Or pick your own charitable organization", search for and select "St. Theresa Roman Catholic Parish Phoenix"

Please note that while Amazon Smile DOES work with your Amazon Prime account, it does NOT currently work with the Amazon app.  BUT - there's a way around that. You can save Amazon Smile to your phone's home screen, so it looks and feels like the app (and your purchases still help STCS!)  Here's how:
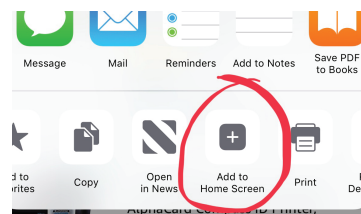

Step 1: Open Safari on your iPhone or Chrome on your Android, go to smile.amazon.com and login with your Amazon credentials.

Step 2:
    iPhone –   At the bottom of the screen, touch the Share icon.

    Select the "Add to Home Screen" icon.

    Android –  Click the three dots at the top right of the screen
                 Select "Add to Home screen" from the menu that appears

You will then see an icon for Amazon Smile on your home screen that you can use in the future to make purchases that support STCS!
