

## Newsletter

February 3rd-7th, 2020

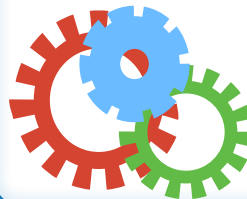

TINKER Time	Discovery Play	SWITCH	Innovation Stations
<p>Students practiced their engineering and coding skills using the SPHERO, a robotic toy that is controlled through an app.</p> 	<p>Our students demonstrated their athletic skills by having speed races. The weather was chilly this week so going outside was limited as it was important to stay warm!</p> 	<p>Love journals have helped our students learn to express themselves through the use of words and drawings. We have shared quotes and they reflect what it means to them.</p> 	<p>This week, our students were challenged to create jackets with sensors. They all sketched out prototypes before creating them and later making a commercial.</p> 

### ~~~~~ Try This At Home ~~~~~

**Journal emotions and ask your children what certain emotions mean to them. It helps them think at a deeper level and reflect on their individuality all while also appreciating their own thoughts!**

### Theme of the Week

## From the Heart

### What's New at Innovation Learning

**Next week, our theme for the week will be COURAGE! Lots of new activities to come!**
