THE GREAT PYRENEES ARRIVAL AND DESTINY

Far out and across the Pyrenees mountain range
Where a dog with magnificent qualities God said, "He could arrange"

This dog would resemble a mountain in stature and height

Shrouded in a cascading mantle of cloud like fur, soft and white

This friend's soulful eyes would hold a fascination so strange

Transmitting wise and steady loyalty never to change

A companion and vigilant guard would be

this dog's purpose and nature

Protector of people and flocks that travel life's pasture

A volcanic bark that could erupt to warn an approaching foe

Or letting a sound of welcoming affection warbled sweet and low

In an upright stance gentle paws embracing—Its love to bestow

Working the fields or lying cozily by the hearth—an

artist's ideal to express in a picture
This vision conquering the mind's eye and heart—the absolute victor

On the day this dog finally came into being and took life's breath

The title of Great Pyrenees was inscribed on its heraldic crest

Even though many centuries have passed since the

Great Pyrenees creation

With arrival of each new litter is still cause for celebration
This brave, stoic being begins its journey on course into life's pasture

Seeking and finding those whose hearts it chooses to capture

If you are one so fortunate to be chosen—
You will experience a lifetime of devotion!
