

## A Loan Pre-Approval Is Key in Today's Market

Are you or a family member looking to buy a house? Is your family member a first-time homebuyer? Are they veterans or members of the military? Are you just looking for something new and different? Whatever the reason, let's talk! Having a full pre-approval when house hunting means the lender has reviewed your documents, pulled credit, underwritten your loan and offered you different loan options.

The pre-approval process is quick. Call John Teweles at Capital Mortgage Funding, 855-438-6845, or visit the website, [cumortgagelending.com/clients/jmafcu](http://cumortgagelending.com/clients/jmafcu), to submit your quick application today.
