

JMCard SAFE

JMCard SAFE is JMAFCU's mobile app that will allow you to control your JMAFCU Visa® credit card and CheckCard and set up usage alerts.

Download the free app from your mobile device's app store to begin managing your cards right away, or access JMCard SAFE online at **jmafcu.digitalcardservice.com/app/login**.

Using JMCard SAFE:

- Download the free mobile app from your device's app store.
- Create your account. Your password must contain seven alphanumeric, non-sequenced characters.
- Add your JMAFCU CheckCard and/or Visa credit card.
- Select your custom alerts.

Anytime the activity you turn on takes place on any of the added JMAFCU cards, you will receive a message from JMCard SAFE via email or text message, whichever you select. In addition, you can also use the app to disable lost cards and enable them again when they are found.

JMCard SAFE is another way JMAFCU is working to help protect your financial resources.
