

As we migrate into a new year – a new decade – health & wellness thoughts and philosophies are all anyone can concentrate on as we strive to dive in and start the new year with renewed excitement and vigor.

Helping Members become and remain financially secure is our top priority and mission. We continue to hold to the credit union philosophy of “people helping people” for all of our members and remain dedicated to serving the financial needs and education of our members.

We are excited about the 2020 product offerings and technological changes designed to improve the way we deliver services to you, our members.

Stay tuned for

Savvy Money, our smarter credit score solution; Financial Guru, financial education for every stage of life; our all new website and many other upgrades that are sure to add value to your financial experience.

Welcome to the new year and the new YOU, via the path to getting financially fit!
