

## New Year, New Look at News

Your JMAFCU eNewsletter, eNews You Can Use, has a new look. We know how busy you are and how much you value your time. That is why we have changed your newsletter to a more condensed and concise format. You will notice there are fewer articles; however, the content is designed to provide the information you need to help you manage your finances and to stay abreast of all the issues that are relevant to you! The table of contents will offer titles of articles while allowing you to select to read only those that appeal to you. Clicking the links provided will take you directly to the articles that you want to read. Remember, this is your eNews You Can Use newsletter. Please let us know what you think of the new format.
