

Help JMAFCU Protect Your Financial Information

Ensuring your account security is a top priority for us. Working together, we can help keep you and your account information safe. You can do your part by keeping in mind the following safeguards:

- 1. Check your monthly statements** to ensure they match your recollection and your other records. Please notify us immediately about any discrepancies.
- 2. Set up online banking** so you can easily monitor your account and be more quickly aware of any discrepancies.
- 3. Never give out account numbers** or other personal financial information, unless you can validate the requestor's authenticity.
- 4. Update your contact information** if it's not current, including all phone numbers and your email address. It is vital that we be able to reach you to validate suspicious transactions.
- 5. Always shred personal and financial information** before discarding it.
- 6. Review your credit report every year.***
You're entitled to a free credit report annually. Simply contact one of the three main credit reporting bureaus directly or visit annualcreditreport.com:

*A great way to keep a close check on this is by ordering a report from each bureau once a year at different times instead of from all three at the same time.
