### FAQ

What can I use my sundry fund for?

*A research sundry can be used to support any research related activity, including but not limited to: salary support, research supplies, research equipment, core services or facilities, travel to scientific meetings, journal publication fees, professional society dues, professional development activities*

I received two R01s earlier prior to October 2019. Am I eligible?

*Unfortunately, the program is not in effect until October 2019. Only grants funded on or after October 1, 2019 are eligible.*

I do not know my department administrator. How can I make sure I get my sundry fund?

*The Executive Director of Academic Finances will audit all funded grants on a monthly basis and you will be notified of your eligibility.*

I think I am eligible for this program but haven't heard from anybody. Who should I contact?

*Contact the BWH Research Helpline at [ResearchHelpline@bwh.harvard.edu](mailto:ResearchHelpline@bwh.harvard.edu) for this and any other research-related questions.*

Is the \$25,000 awarded inclusive of the 15% research sundry IDC?

*Yes, each \$25,000 award includes 15% IDC. Any research sundry funds set up to receive these awards must comply with the PHS F&A Policy and Sundry Fund Policy.*

I share my R01 with another PI. Will we both receive the \$25,000?

*Each eligible grant will only receive one \$25,000 award. If both PIs on a multiple PI grant are at BWH, then the award money can be split between them. If only one is eligible (one is a professor and the other is an assistant professor, or one already has sundries in excess of \$50K) then the \$25K can all go to one PI. If an award has a BWH PI and a non-BWH PI, only the BWH PI gets the \$25K. No funding will be awarded outside of BWH.*
