

2026 School SUCCESS Conference

The Ohio School-Based Center of Excellence—in partnership with the Educational Service Centers of Northeast Ohio, Central Ohio, and Greene County, plus MACC, Miami University's ASPIRE, TTJ Group, and SheRay's & Associates have united to coordinate this conference because we believe we are truly stronger together. All that is missing now is you!

We are seeking proposals for speaker presentations and table exhibitors that reflect this spirit of unity at the 2026 School SUCCESS Conference. This year's in-person event, *Stronger Together: Cultivating Responsive School Communities* will be held June 10 and 11 at Eversole Run Middle School, 9015 Gardenia Dr, Plain City, OH 43064.

This is an opportunity for you to share your expertise and engage with hundreds of conference participants. Your presentation will help expand their knowledge in the area of school-based prevention and early intervention services.

Conference speakers should plan for a one-hour engaging presentation that includes useful and tangible resources or evidence-informed practices that can be adopted and adapted in other settings.

The conference planning committee is currently seeking presentations connected to the following areas:

Student Assistance Program (SAP) models

Youth Mental Health & Substance Abuse

Individually Relevant Trauma-Informed Care

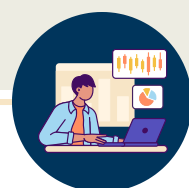

Behavioral Health & Wellness Coordinator models

Systems-Level Work in School-Based Mental Health

Staff Wellness & Workforce Resilience

By exploring how these themes relate to one another, we can provide the comprehensive support necessary to create stronger student and staff wellness—and a more responsive school community.

The deadline to submit proposals is March 19, 2026
