Organization

The Santa Cruz SPCA has been a mainstay serving animals in our community since 1938. Although our organization originally provided animal control services for Santa Cruz County, since 2002 we have been a fully independent nonprofit animal welfare organization focused on cat and dog rescue and adoption, providing a robust curriculum of humane education programs, and offering a variety of programs and services that support keeping pets and their people together. In 2020, amid the global pandemic, we built and opened our brand-new animal shelter. This modern, purpose-built facility has given us the ability to expand our impact and help more animals in need. **Our vision for the coming years is to double the number of lives saved and touched through our programs.**

The Santa Cruz SPCA is seeking team members who are driven to play a role in expanding and refining our operations to achieve this vision! We pride ourselves on being compassionate, collaborative, adaptable and driven by ingenuity. To effectively help needy animals we depend on teamwork between our staff, volunteers, clients, supporters, and our community. We welcome feedback, contribution, fresh eyes, and a fresh take so we can continually improve our operations. **If you are seeking a new role where you can make a true difference in animals' lives while having an opportunity to contribute to a growing organization, we would love to speak with you!**
