

Mayor Chokwe Antar Lumumba, First Lady Ebony Lumumba and their two children.

***Let's make sure
all of Jackson's
children are healthy***

***As mayor and first lady,
we know that no decision about
the future of Jackson is more
important than the ones that
involve the children of Jackson.***

***And we know you love
your young children just
like we love ours.***

But research tells us that even young children can have social and emotional challenges.

We want families to know how to support their young children's emotional health and how to tell if their child might need extra help.

We know the best way to support young children is to partner with their families.

- ***Are you worried about how your baby is doing?***
- ***Has someone told you that your child's development is falling behind?***
- ***Do you keep getting calls from day care or school about your young child?***

PLACES TO GET MORE SUPPORT

Call and talk to your child's doctor or teacher.

*Help Me Grow Warmline for info about child development and screening:
1-800-241-KIDS (5437)*

*First Steps program at
1-800-451-3903.*

Zero to Three at 1-800-899-430.

HOW WE CAN SUPPORT YOU

Talk to another parent who's been in your shoes.

Find out about resources, support, and training.

Learn about developmental wheels and other tools for seeing how your child is developing.

With the right help, children can and do get better.
