

# Light the Menorah

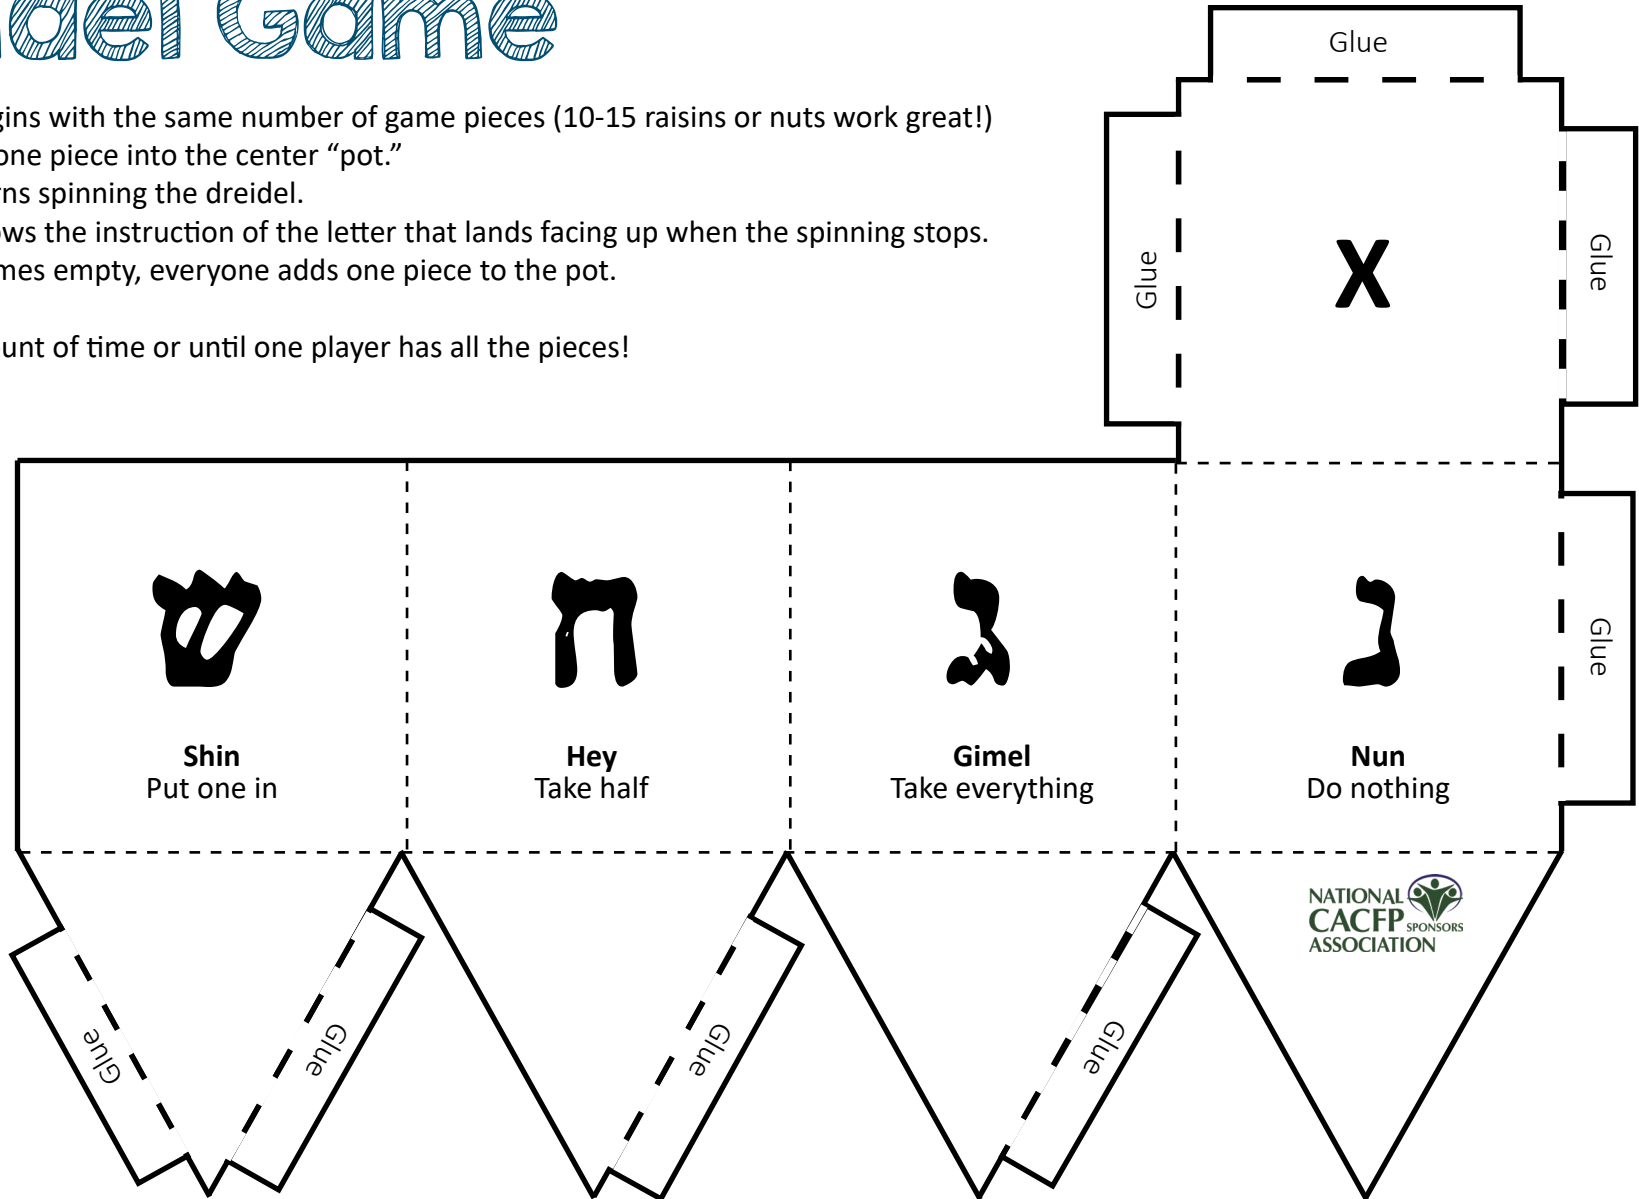

Color in the Menorah and middle candle. Then, cut out the other candles. For each night of Hanukkah, color a candle and place it on the Menorah with tape or glue.

# Dreidel Game

1. Each player begins with the same number of game pieces (10-15 raisins or nuts work great!)
2. Everyone puts one piece into the center "pot."
3. Players take turns spinning the dreidel.
4. The player follows the instruction of the letter that lands facing up when the spinning stops.
5. If the pot becomes empty, everyone adds one piece to the pot.

Play for a set amount of time or until one player has all the pieces!

Color the printout and glue onto a piece of thin cardboard, like a cereal box. Cut along the solid lines, then fold along the dotted lines. Build your dreidel by adding glue to the tabs and folding in. Poke a hole in the top (at the X) and add a pencil or straw. Then read the rules and play!
