

# Parent Provider Connections - June 2021

## CRAFTY CAMPING SCENE

Create your own camping scene background on paper with assorted craft supplies or findings from a nature hike. Children can cut a triangle or rectangle from construction paper to create a tent for their scene.

## GRAB & GO

Shelf stable, dried and semi-dried meats can be credited as a meat/meat alternate. Pair a dried meat such as jerky with a dried fruit for an easy, creditable, portable snack that is great for providing nutrition on active days outside.

## ROASTED CHICKPEAS

1 12-ounce can chickpeas, drained  
2 tbsp olive oil  
Salt, pepper, favorite seasonings  
Dry chickpeas with paper towel. Toss with olive oil and seasonings. Roast for 30-40 minutes on baking sheet in 450-degree oven.

#CACFP CREDITABLE

## NATURE HIKE

You might not be able to actually go camping, but the next best thing is to pretend! Take the kids on a nature hike around your area. Add to the fun with a scavenger hunt or hiking songs.
