

## **NEIGHBOR** **to neighbor** **NETWORK**

Linda (Volunteer) and Carol (Client)

Neighbor to Neighbor Network (NTNN) is seeking caring individuals to volunteer to assist elderly Bloomfield neighbors in need. At NTNN, we match volunteers to Bloomfield seniors to help them with grocery shopping, errands, or just to provide some conversation and companionship. This volunteer opportunity is very flexible and would take about an hour of your time. When asked about volunteering for the NTNN Friendly Visitor program, Linda said, "This program makes me feel wonderful. I am proud to have this in our town. I love to participate to help the elderly, it's great." This program helps seniors reconnect with others in the community. Carol commented "This is a great program. I like to read poems and listen to music with the volunteer." NTNN volunteers and seniors form a bond and friendship overtime, it's what the program is all about.

If you or anyone you know could benefit from our services or would like to volunteer, please contact the NTNN Volunteer Coordinator at 973-680-4017.
