

Featuring Keynote Speaker
Kathleen Howland, Ph.D.

Nationally Renowned Lecturer,
Clinician, Teacher and Advocate
Professor of Music Therapy, Berklee College of Music

Please join us as we venture to bridge the gap between music, science and wellness. Kathleen Howland, Ph.D. will teach us how to unlock the beauty and power of music and apply these tools to our everyday lives.

This informative and engaging event includes a seated luncheon, presentation and performance by local stroke choir, *Different Strokes for Different Folks*.

Full program information including tickets and sponsorship is available **online** at strokecomebackcenter.org.

Proceeds benefit Stroke Comeback Center and our work with survivors of stroke and brain trauma and their families.
