CHAMBER CHOICES – 2020 - 2021

NEW WORLD OF MARKETING OPPORTUNITIES

Spread the Word about Your Business with the Chamber

Times are not the same. In this world of social distancing, working from home, doing business virtually and meeting people and prospects online, businesses need to turn to new ways of marketing their services and staying in touch with current and prospective clients.

The 2020-2021 Overview of Sponsorship and Marketing Opportunities takes into account the COVID crisis and the understanding that many businesses are operating from different platforms and therefore need new ways to market themselves.

In these uncertain times, we cannot guarantee that we will be able to hold in-person events and meetings during the first half of this fiscal year. This is reflected in this packet and our sponsorship packages; we only included benefits that we are confident can be offered and still bring great value to our members.

Please take the time to review the numerous marketing and event sponsorship opportunities available to promote your business, and learn about the Chamber's Annual Corporate Sponsorship program, which brings visibility to you and your business all year long, on the last two pages of this packet.

If we've learned anything from this crisis, it is that flexibility is key to success. If we are missing any critical ways to support your business, please let us know. The Chamber welcomes new ideas on how to best support our community!

If you have any questions about this year's sponsorship programs, or would like to secure a sponsorship opportunity, please contact staff as listed below. Thank you!
