

Adopt-A-Class Aid Request Form

*The educator members of SCRAPCE and member churches in the Synod of the Sun are reaching out to help churches affected by the hurricane and floods to refurbish and restock their Sunday school classes. Churches who have suffered damage to their classrooms are encouraged complete this **Adopt-a-Class** form to request financial aid to assist in rebuilding those classrooms.*

*Each request will provide a grant of up to **\$1,000** donated by participating churches to help your church rebuild their educational ministry programs post-disaster. Donations are intended for resupplying the classroom not for reconstruction costs.*

Each class in need will be matched with a class or classes who wish to help. It is our sincere hope that relationships will be built between the churches in need and the churches reaching out to help. Emails, videos, phone conversations between churches are encouraged.

All donations will go to a SCRAPCE account held at the Texas Presbyterian Foundation and grants will be dispersed through TPF.

Name of Church: _____

City/Presbytery: _____
