

FEMA Grants

FEMA has three grant programs that might be of interest. These grants can help with disaster mitigation, flood mitigation, and security

FEMA Hazard Mitigation Assistance Grants: FMA and BRIC Grants

Deadline: January 29, 2021

The application period will open on Wednesday, Sept. 30, and close on Jan. 29, 2021. All applications must be submitted on the new FEMA Grants Outcome ([FEMA GO](#)) no later than 3 p.m. ET on Jan. 29. This week, FEMA opens the application period for two competitive hazard mitigation grant programs totaling \$660 million. The two grant programs, the [Flood Mitigation Assistance grant](#) and the [Building Resilient Infrastructure and Communities](#) grant, or BRIC, will provide funds to states, tribes, territories and local communities for eligible mitigation activities. These programs allow for funding to

be used on projects that will reduce future disaster losses and will strengthen our nation's ability to build a culture of preparedness. To help grant applicants with successful submissions and a possibility of an award, FEMA developed a robust library of readily accessible program support materials for [BRIC](#) and [Flood Mitigation Assistance](#). During the summer, FEMA hosted a series of webinars to [introduce BRIC concepts](#) and provided an [overview of the Notice of Funding Opportunities](#). These videos as well as the transcripts are available [FEMA's website](#).

1. **Building Resilient Infrastructure and Communities**

(BRIC) Grants: The new BRIC grant is for pre-disaster mitigation activities and replaces FEMA's existing Pre-Disaster Mitigation program. This year, \$500 million is available for pre-disaster mitigation activities, including a \$20 million tribal set-aside. BRIC priorities are to incentivize public infrastructure projects; projects that mitigate risk to one or more [community lifelines](#); projects that incorporate nature-based solutions; and the adoption and enforcement of modern building codes.

2. Flood Mitigation Assistance Grant: The National Flood Insurance Act of 1968 establishes the goal of reducing or eliminating claims under the [National Flood Insurance Program](#) through long-term mitigation actions. For the Flood Mitigation Assistance grant program, the agency's funding priorities include flood mitigation planning and efforts for repetitive as well as severe repetitive loss properties. In this application cycle, \$160 million is available in Flood Mitigation Assistance grant funds. There is a set-aside of \$70 million for [community flood mitigation projects](#)

Fiscal Year (FY) 2020 Nonprofit Security Grant Program (NSGP) Frequently Asked Questions (FAQs) – Information for Nonprofit Organizations

1. **What is the purpose of the FY 2020 NSGP?**

The Fiscal Year (FY) 2020 Nonprofit Security Grant Program (NSGP) is one of three grant programs that constitute Department of Homeland Security (DHS) DHS/Federal Emergency Management Agency's (FEMA's) focus on enhancing the ability of state, local, tribal, and territorial governments, as well as nonprofits, to prevent, protect against, respond to, and recover from terrorist attacks. These grant programs are part of a comprehensive set of measures authorized by Congress and implemented by the DHS to help strengthen the nation's communities against potential terrorist attacks.
