LAW 223

Exploring Courthouses in Los Angeles

SPRING 2026 | 2 UNITS
TUE. & THU. | 8:00AM - 12:00PM (PT)

Step beyond the classroom and into the courtroom. In this immersive course, you will gain firsthand exposure to the legal system through interactive lectures, guided discussions, and weekly trips to real courtroom visits.

Experience how legal theory connects to practice, observe professionals in action, and develop a deeper understanding of how the legal system shapes and serves communities.

Note: Students are responsible for their own transportation and commit to weekly travel throughout the city.

Students are expected to remain flexible to participate as occasional sessions or activities may be held outside the regular meeting time.

Get D-Clearance

Professor Dave Campbell

With over 35 years of courtroom experience, Professor Campbell brings real-world insight to every lecture — helping you understand how justice operates in practice.
