

Virtual National Training Institute Registration is Open

The *electrical training ALLIANCE* is pleased to announce that registration for the Virtual NTI 2020 is now open. As noted previously, the vNTI will be during the week of July 27 – 31, 2020. There are special sessions for I Group, C Group (which includes all programs – Outside, Inside, Telecommunications, and Residential) and T Group. These sessions and agendas are explained in the vNTI Information Booklet (see below link). This is a new and different way to connect, and we hope that even though these sessions are short, they will be worth your time to participate. Most sessions will be live and interactive as much as possible.
