Ocean of Possibilities

Summer 2022 Programs at New Rochelle Public Library Main Branch

[Summer Reading Challenge Kick Off Party](#), June 25, 10:00am - 12:00 pm,
Ruby Dee Park at Library Green

Summer Programs: July 11 to August 26

Mondays:

Fin-Tastic Fun for Tots, 11:00-11:30 am

July 11 to August 22

Art- & STEAM-based ocean-inspired activities for little fishies! **Ages 2 to 5**

Undersea Art for Kids, 2:00-2:45 pm

July 11 & 18 August 1, 8, 15 & 22

Take a deep dive into the sea with awesome nautical projects for elementary-aged kids. **Ages 5 to 10**

Pirate School!, 2:00 - 3:00 pm

July 25

Access your inner-pirate and set sail with a madcap, swashbuckling comedy variety show for the whole family. During this riotous show kids learn the finer points of mischief and become "good pirates," cooperating and carousing together while getting the chance to live out their Sea-Faring dreams! Pirate School! is led by the warm-hearted, bumbling pirate Professor Billy Bones who lives to teach zany lessons on how to stand, talk, laugh, eat and carouse like boisterous buccaneers. **Ages 4 to 12**

Tuesdays:

Baby Fingers: Stories, Songs & Signs, 11:30 am -12:00 pm

July 12 to August 23

Bring books to life through songs and American Sign Language. Learn the sign language ABCs and so much more through your favorite storybooks. **Ages 0 to 5**

Oceanic Architecture with ArchforKids, 2:00-3:30 pm

Become an aquatic engineer and construct projects inspired by the sea!

www.archforkids.com **Ages 5 to 12**

Wednesdays:

Little Guppies Puppet Fun!, 11:00 am - 12:00 pm

July 13 & August 24

Sea creatures abound in this undersea puppet performance. Craft time immediately follows where kids create their own puppet sea animal for their little fins. **Ages 2 to 5**

Let's Groove Music Class!, 11:00 - 11:45 am

July 20 - August 17

Join Lisa from Let's Groove Children's Entertainment and her guitar for a fun-filled music and movement class! We will sing and dance, while having fun with shakers, scarves, animal puppets, a parachute, and bubbles! **Ages 0 to 5**.

Wild Wednesdays: Animal Embassy, 4:30-5:30 pm

July 13

Find out what's going on from your backyard to the Long Island Sound while meeting many of the animals that live there. You will meet a pig, a peahen, a peacock, an owl, frogs, snakes, turtles and more and discover not only the beauty of all living things, but also how to help animals survive in their habitats.

Ages 4 & up

Wild Wednesdays: Animal Introductions!, 2:00-3:00 pm

July 20 - August 17

Meet and greet animals courtesy of the Stamford Museum & Nature Center. Learn about their habits and habitats from an experienced educator. **Ages 4 & up**

Wild Wednesdays: Meet the Aquatic Animals, 2:00 - 2:45 pm

August 24

Dive in for a fun and educational visit with an aquatic educator from The Maritime Center in Norwalk, CT. Children will meet, touch and learn about some of our friendly aquatic neighbors in this interactive workshop. **Ages 4 - 7**

Thursdays:

Yoga Kids, 11:00-11:30 am, July 14 - August 25

Taught by Budding Buddha instructors, children learn calmness and mindfulness while having fun practicing yoga. **Ages 3 to 8**

Calpulli Mexican Dance Company, July 7-August 11

Dance workshop taught by professionals from Calpulli Mexican Dance Company

Ages 5-7 1:30 - 2:30

Ages 8-13 2:45 - 4:00

Teen/Adult 4:15 - 5:30

Final Performance: Tuesday August 16 at 7pm in the Ruby Dee Park at Library Green

Fridays:

Let's Go, Legos!, 11:00-11:45 am

It's a free-build block party with the ever-popular Legos! Larger Duplo building blocks will also be provided for smaller children. **Ages 2 to 8**

Fishy Films, 2:00 pm

July 15th: [Shark Tale](#), PG, 90 minutes

July 22nd: [The Little Mermaid](#), G, 83 minutes

July 29th: [The SpongeBob SquarePants Movie: Sponge Out of Water](#), PG, 93 minutes

August 5th: [Disney Nature: Oceans](#), G, 84 minutes

August 12th: [Finding Nemo](#), G, 100 minutes

August 19th: [Moana](#), PG, 113 minutes

August 26th: [Luca](#), PG, 101 minutes

Children's Science Program: Robotics, Computer Science & Engineering,

12:00-1:00 pm

August 15 to 18

Dive into the world of STEM (science, technology, engineering, and math) at NRPL! Children will learn about robotics, computer science and engineering through fun, hands-on-activities.

This program is a four day workshop, and space is limited. Advanced registration is required. Register [online!](#) **For Children entering Grades 1-5**

Building a Love of Reading: Beach Party Edition!, 2:00-2:45 pm

Wednesday, July 13th & Thursday, August 18th

Please welcome back Kim Block as she conducts special, "fun in the sun" literacy workshops for parents, caregivers and their kids. "Building a Love of Reading" will be filled with creative, beach-themed activities and useful tips to promote early literacy and give caregivers a whole new way to share books with their child. Bring your favorite beach gear (towels, beach blankets, sunglasses & beach hats) to add to the summer beach vibes!

Children are welcome to attend with their adult. **For parents/caregivers of children Pre-K to 2nd grade.**
