Welcome home world travelers! I don't know about you, but we sure had a fantastic visit to the Chicago World's Fair. The White City was a beautiful sight! What attention-grabbing buildings! What delightful and brilliant people! And what about that Ferris wheel?! What an amazement to sit in a cab that can hold up to 60 people and take you as high as the sky to look down upon Chicago and beyond!

Speaking about buildings, what about that Horticulture building. I believe a shout out is in order for all the hard work that was put into building a tower made completely of oranges and a horse made of prunes. I was unaware of all the modes of transportation there was until I visited the Transportation building. Such knowledgeable and well-informed people manned the building. Before I left the building I was assisted in making a souvenir worthy of standing the hands of time, a pocket watch! Did you know that in the Government building there was a Redwood tree? That's right! There was a huge, hollowed out Redwood on display. I was able to write and send a postcard to my friends, with the help of professional Postal workers.

Here are a few words from some of our first time visitors,

- ◇ Selah Penza (Clara Barton) said, "It was fun! The food especially the tacos, was delicious!"
- ◇ Leeland Messina (George Pullman) said, "I liked walking around, and I liked the necklaces".
- ◇ "Our very own Mrs. Penza said, "It was beautiful to see the past come alive and how the students were able to embrace the wonder of it all".
- ◇ Eleanor Benjamin (Lillian Russell), "Having fun and getting to know the people and watching people do their stuff".
- ◇ Henry Paquin (Liberty Hyde Bailey), "So many beautiful colors and flowers in our building".
- ◇ Stacey Decker (Paul Dunbar), "Loved the food and walking around".
- ◇ Alexis LeClair (Phoebe Couzens), "Really liked walking around and seeing the other buildings".

Sincerely,

Mrs. Caron, Mrs. Coombs and Mrs. Penza
