Read-a-thon

Students should be looking for sponsors! Students may begin logging on February 1st.

Mr. Wadsworth's Lab

The Chicago World's Fair was outstanding for a first-time visitor to the fair, which I was.

Some of the other descriptions that I heard were as follows: Authentic, Informational, Awesome, Creative, Exciting, Fun, Exhausting, Interesting, Beautiful, Educational, Fascinating, Unique, Eye-opening, and...An experience of a lifetime! I am sure that all of you who attended would agree and would add your own descriptive words to tell about your experience. It would not have happened without the amazing efforts of all the students, parents, teachers and staff. What a wonderful "Big Day"!

Our Student Service Council would like to fill some more blessing bags to hand out to people who are in need but we need a few more items to fill the bags. This is what we need in order to fill the remaining bags: Brushes and Combs, Chapstick, Toothbrushes (single packs only) and Toothpaste (Travel size). Please contribute what you can. Thank you for your help.

Mr. Shea's Two Cents

Last Friday was an incredible day! The entire school got together in some amazing ways to recreate the Chicago World's Fair of 1893. The students did an outstanding job getting into their characters, creating accurate, authentic, and believable fair locations, and finding ways to show off the talents God has gifted them with. There was an amazing amount of learning that took place as they prepared for the day.

The most amazing things about watching my class work on these deep and difficult projects was simply seeing different students rise to new heights and challenges. Seeing shy students rise to bold leadership, concrete thinkers introduce and implement abstract and creative ideas, uninterested students discovering new interests, and, most excitedly, seeing students discover and learn through their own exploration! This Big Day was one of my favorite experiences working here at HCA! I am forever amazed at just how perfectly God is able to arrange and move things when we are willing to accomplish things His way!

Here are some student highlights from the fair:

“It was so much fun being in character and watching others act out their characters!”

“It was exciting showing people my hard work and seeing them enjoy it!”

“I’ll never forget the pickle pins!”

“The slideshow my classmate made for the Ferris Wheel was awesome!”

“I collected all the spoons!”

NEW YORK TRIP NEWS

The New York trip to Ellis Island is a go! We officially have enough folks signed up for the trip to move forward with the event. The trip is scheduled for April 15th, 2020! It is going to be an exciting time, and I can't wait to see what God has to show and teach us on our travels.

Please continue to watch Pathways, email, and your student's communication folders for updates on the trip!
