

Letters to Loved Ones

I'm thankful for my family's good health and grace that God continues to shower us in. I would also like to thank all of you who write and support us. Keep shining the light and continue to pray. Happy Thanksgiving to all, peace, love and prosperity to your house and God bless the American people.

The term "thankful for small mercies" is defined as being grateful that one's situation is not worse even though bad things have happened.

Prior to Jan 6 I had stress-based tightness in my chest because I was a work-a-holic. Being incarcerated ripped me from my career & forced a very slow pace of life upon me that I believe quite possibly saved me from a stress related early grave.

I am of course thankful for God's continual watch over my family while I am in here-but-I am also thankful for His small mercies.

I'm thankful that the National bird is the eagle instead of the turkey. That would have made Thanksgiving dinners awkward. In the immortal words of Jack Burton "may the wings of liberty never lose a feather".

Hello to all!
As Thanksgiving 2022 approaches; I'd like to express my gratitude for my Lord & Savior, Jesus Christ. My trial for the events of January 6th, 2021 begins as soon as the courts reconvene after the Thanksgiving break, and no matter what comes; I know that my soul will be saved by grace-thru faith. I am also grateful for the many patriotic Americans who have supported us all through this ordeal. Justice in the courts has been perverse for many years, and I'm thankful that its finally brought the publics attention. God bless you all!

Some would think it a hard task to find the blessing in the time you feel cursed. For a person in a season of a storm and the hurricane of life is tearing everything you've spent your time building apart before your eyes. What is there to be thankful for? In that hurricane, in that chaos if you look closely, you'll realize you are in the eye of it. While it may appear as the worst storm you've ever been in, the whole time you were protected and in the eye of the calm.

So, what am I thankful for? I'm thankful for Gods hand over my life. His allowance of breath in my lungs, for my children being safe and healthy, for my better half loving me thru this trial we are in, for friends and family that have come together to support me and each other in this time of hardship and for the new brothers I've obtained while sitting in the eye of the hurricane. Thank you, my Creator, for your many blessings and for your Messiah whom grants us salvation. Amen

I'm thankful
Hebrews: "Vengeance is mine, I will repay."
"The Lord will judge His people."
Esau "who sold his birthright for a single meal. For you know that later when he wanted to inherit his fathers blessing he was rejected because he found no opportunity to change his mind even though he sought the blessing with tears."
All gifters will pay!

My name is Jon Mellis. I am a J6 detainee in the DC gulag. Even though I have suffered unconstitutional treatment for nearly two years I still find things to be thankful for. I am thankful for the amazing and inspirational people who have become a bright light to this movement and the world. Mama Micki lost her daughter Ashli Babbitt on January 6th and now she has been holding nightly vigils outside the DC jail since August 1st. We all love her. My girlfriend, Kelly has stepped up to be my rock, my angel and has done so much to support the J6 family. She is a blessing to us all. And I'm thankful for having the honor to suffer alongside some really great men. I now have brothers for life. I am thankful.

Hello America

My name is David Dempsey and I would like to take a moment to let you know what I'm thankful for this Thanksgiving. Although the world seems to be in total chaos as of late, I can state with full confidence that I am more than thankful for the life I've been given. During this life of mine I've been up and down, and all around. Through out it all, I've been blessed enough to make it through my curses due to a wonderful support network of friends and family. Whenever I've been in a rut or worse I could always fall back on them in my time of need. I am thankful for my wife and the level of comfort she gives me when we are together. I'm thankful for the happiness my daughter brings me everyday. I'm thankful for the patriots who have stood by me throughout this whole ordeal. I would like to express my thankfulness with more than words but for now they'll have to suffice. Thank you to Trump for waking up the masses. Let's keep it going and make America great again! Enjoy your holiday and cherish the time that you spend with one another. Thanks for everything, Dempsey's to the end bro. God bless you all, your fellow patriot,

I just want to say how thankful I am for your interest in what is happening here in the DC DOC Gulag and in our lives. We are so blessed to have wonderful people holding a nightly vigil, we love them all. We have conservative media stepping up and giving us a voice, thank you! We have families uniting, we have new friends and new family. God has united us in the forge and what God brings together no one can separate. How awesome is God? Just a little update. We have our Brothers, the Oathkeepers, awaiting a jury decision and brother Pete Schwartz is beginning jury selection this week. We are praying with and for them.

The thing I am most thankful for this thanksgiving and every single day is that Jesus Christ chose to humble himself and be flogged, spit on, beat and then nailed to a cross for me. He even went to the cross for the people who did all those things to Him. God salvaged my destiny. He has secured my eternity, nothing I can do to earn it or repay Him for that, and I am so thankful that He loved me before I even loved myself. That He considered me before I was born, that He calls me son and makes a place for me at His table, the King of all kings! How amazing is that? So, we thank you Jesus for your unmerited grace and love!

My oldest daughter just turned 16 this last week. She's gotten so big. She's becoming a woman which I'm missing and I'm terribly unprepared for! Make up and high heels... where did the time go! Dad will hurt any boys who look at her! I'm so proud of all my children and their growth as young adults.

I have so much to be thankful for. I would especially like to thank my team who has come together, encouraged me, prodded me and drug me along at times. I can't thank you enough. We are going to continue to fight and stand for the anthem every night. To resist the globalist Marxist take over of our country. Thank you all for joining us in this journey.

Please help us with our call to action, and if you miss this one there will be more in the future. Have a wonderful thanksgiving, eat lots of turkey for me and take lots of naps! Go Cowboys and Go USA soccer! God bless, see you all soon.
