SHARING INFORMATION WITH STAKEHOLDERS

Our event will feature educators, business leaders, program developers, and - most importantly - students, discussing efforts that are on the way to address the shortage of qualified employees in this area.

PROVIDING PATHS TO A REWARDING CAREER

College is not the only way to achieve a satisfying and rewarding career. We all have roles to play in helping our children find great career opportunities that meet their individual desires, strengths, and interests.

KEEPING OUR CHILDREN IN CENTRAL NEW YORK

Young adults do not need to move far away to find good job opportunities. We have many companies in this region that are looking for qualified employees and are ready to train them in prosperous career fields with growing future potential.

DEVELOPING A GROWING WORKFORCE FOR OUR LOCAL ECONOMY

Workforce development is not only important for the future of our children, it is vital for the sustainability of our local communities. It will have a rejuvenating impact on our region as a great place to live, work, and do business in.
