2022 SUMMER CAMPS

2022 CAMPS-ON-CAMPUS PROGRAMS

Summer Adventure Camps Categories

Get ready for the BEST camp ever! Registering for Brookdale Camps is easy as 1-2-3...

This summer we have a program for every child! Do you have an aspiring chef, doctor, engineer, artist, fashion designer, coder, athlete, or YouTube star in the house? Let your child explore these exciting fields and more with enrichment camps specifically designed to spark new interests and learning opportunities.

NEW! Formats and Discounts!

This summer Brookdale camps will continue to offer courses for BOTH in-person and online programs!

In Room Classes

For the first time ever Brookdale is now offering half day formats for our in room programs! Alongside our traditional 9-2pm format and morning classes we are adding afternoon courses from 1-4PM. Now, you can choose sports or cooking in the morning and coding or robotics in the afternoon. Lunch supervision is included for students who sign up for both morning and afternoon sessions.

Online Classes $179

From June 6th to August 22nd, we will offer over 100 virtual courses starting at $179. Virtual classes combine large group and small group formats. To see our online schedule please see the end of this brochure or visit our website.

Discounts and Rewards Program

Visit brookdalecamps.com/offers to get special discounts and promotions.

Online registration can be accessed from our website.
Registrationis now open!

Art & Design

Aspiring Artists®: Painting & Decoupage Designs

In this camp, students will be introduced to an assortment of painting styles and recreate famous masterpieces using acrylic paint and decoupage materials. Students will complete 3 acrylic paintings on canvas each expressing a different style of painting, as well as create decoupage renditions of famous paintings using hand-painted pieces of paper. Instructor, Debra Stasiak will teach the specific brushstrokes and layering techniques of Impressionism, Neo-Impressionism, and Fauvism in a simple step-by-step format. Please bring a smock, snack, and box to transport wet artwork home.

*Presented by Aspiring Artists®
6/27 - 7/1, 9am - 12pm, Ages 7-11, $199

Aspiring Artists®: Masterpiece Painting

Using Aspiring Artists® Interpretive Impressionism® method of painting, students will recreate their own renditions of famous Impressionistic masterpieces by Monet, van Gogh, and Cezanne. Instructor, Debra Stasiak will teach the specific brushstrokes and layering techniques of these painters, in a simple step-by-step format. Acrylic paints and canvas will be used for all lessons. Please bring a smock, snack, and box to transport wet painting home.

*Presented by Aspiring Artists®
7/25 - 7/29, 9am - 12pm, Ages 7-11, $199

Aspiring Artists®: Fauvist Painting

Using Aspiring Artists® Interpretive Fauvism™ method of painting, students will recreate their own renditions of famous Fauvist masterpieces by Matisse, Derain, and Cross. Instructor, Debra Stasiak, will teach the specific brushstrokes and layering techniques of these painters in a simple step-by-step format. Acrylic paints and canvas will be used for all lessons. Please bring a smock, snack, and box to transport wet painting home.

*Presented by Aspiring Artists®
8/8 - 8/26, 9am - 12pm, Ages 7-11, $199

Create with KidzArt

This Studio camp offers a diverse arts curriculum geared to stretch minds, exercise imaginations, and introduce new idea-generating techniques. Join us as we experiment with fun new mediums both 2-D and 3-D. Learn a simple "Suminagashi" technique---floating inks on the surface of water to create beautiful patterns. Work with fabric, paint, metal, foam and other fun materials to make art you are excited about. No art experience necessary—just a desire to create and have fun with different materials!

7/11 - 7/15, 9am - 2pm, Ages 7-11, $325

KidzArt: Wet Paint

Join us as we explore all things paint! This camp is an introduction to vivid color, interesting subjects and different painting techniques. Campers will learn about warm and cool colors, and practice tinting and shading color using tempera, acrylic and watercolor.

7/5 - 7/8, 9am - 2pm, Ages 8-12, $265 (4 Day Camp)

KidzArt: Clay Explorers

In this KidzArt camp, campers will be exposed to a variety of clay techniques and will use their imagination to create completely unique art pieces and explore the concept of functional art. With air dry clay being the main medium, children are given exciting tactile and conceptual challenges everyday designed to further their understanding and knowledge about three dimensional artistic mediums, and many projects will involve mixed media like cardboard, wire, yarn and paper. Elements and principles of design covered in this camp include pattern, value, balance, unity, and emphasis.

8/1 - 8/5, 9am - 2pm, Ages 8-12, $339

TEENZART: Fine Art Studio

TeenzArt Fine Art Studio captures the passion and imagination of older students. This camp provides quality art instruction that mixes technique and skill building with opportunities for creative freedom and self-expression. We have big plans in store including painting, sculpture, watercolor, pastels, printmaking and mixed media with projects that pack a lot of WOW! TeenzArtists, you will be encouraged to work together to learn, design, think, and create in a fun and relaxed atmosphere.

7/18 - 7/22, 9am - 2pm, Ages 11-14, $329

**Also – see Fashion Design in the next section.

CAREER EXPLORATION

Becoming an Engineer

How did NASA land a rocket on the moon? How much weight can a building hold before it collapses? In this unique class taught by nationally recognized university STEM professionals, formerly from the New Jersey Institute of Technology, teams of campers will solve a new engineering problem each day. Campers will engage in hands-on activities using ordinary materials that will challenge and inspire intellectually curious middle schoolers to dream of becoming engineers themselves. This is a fun, but also academic program which provides a taste of how college classes teach the design process which is fundamental to the way engineers think and do their work.

* Presented by Bridge to the Future

7/11 – 7/15, 9am –2pm, Ages 12-14, $349

About the Instructors

Now an NJIT Emeritus Distinguished Professor, Dr. Howard Kimmel received the U.S. Presidential Award for "Excellence in Science, Mathematics and Engineering Mentoring" for his leadership of the Pre-College Program where he and Dr. Linda Hirsch provided enrichment programs designed to excite the minds of young girls and boys for college access and success In STEM.

CSI (Crime Scene Investigation

Become a Super Science Sleuth! Learn about forensics, crime scene investigations, and crime lab chemistry as you perform experiments designed to show you just how those tricky cases are solved. Search for evidence, gather clues, and discover how science can help solve a mystery! Dust for and classify fingerprints, analyze handwriting, test for blood type and DNA using simulated blood, and use "Glow Blood" to see what the naked eye cannot. Examine hair and clothing fibers, practice chemistry to identify mystery substances, and much more. All students will take home a crime lab kit & mini microscope.

Presented by Super Science
7/5 - 7/8, 9am - 2pm, Ages 8-12, $279 (4 Day Camp)
7/11 - 7/15, 9am - 2pm, Ages 11-14, $349

NEW! Fashion Week NOLA

Design and create a jumpsuit! Designers will explore NOLA patterns and designs and will learn about fashion trends inspired by the theme. Our designers will choose their own fabric from an array of fun patterns suitable for this occasion. Our accessory project of the week will be decorative masks for each designer. At the end of the week, each designer will go home with their wearable jumpsuit as well as fashion sketches and any other fashion projects they work on during the week.

Presented by Fashion First
7/5 - 7/8, 9am - 12:30pm, Ages 10-14, $299 (4 Day Camp)

NEW! Fashion Week Country Western

Design and create a tiered country western top or dress. Designers will explore country western patterns and designs. Our designers will choose from an array of fun patterns suitable for this occasion. Our accessory of the week is a cowboy hat, ready for you to decorate and embellish to match your design. Designers will take home their country top and cowboy hat at the end of the week.

Presented by Fashion First
7/11 - 7/15, 9am - 12:30pm, Ages 8-12, $299

Junior Physicians Academy

Calling all Jr. Physicians and Jr. Naturalists! Join us for a Biology Blast in this full day camp exploring the cells, organs, muscles and bones that make up YOU...and birds and beasts, TOO! Flow through the food chain and discover how animals and insects adapt to life on our planet! Get microscopic while you make a model cell, create a stethoscope to hear your heartbeat, make "Mad Mucus," mashed potato brain, build a bug house for your favorite creepy-crawly critter, and so much more!

Presented by Mad Science
7/11 - 7/15, 9am - 12pm, Ages 8-12, $249

Journey To Veterinary Careers

Love animals? Discover the many career opportunities our furry friends provide. Planned guest presenters include veterinarians, veterinary technicians and assistants, veterinary practice managers, veterinary educators, canine police officers, a zookeeper, animal control officer, lab animal researcher, and staff from The Seeing Eye! Learn what these animal professionals do, and the educational requirements needed for each exciting career! Camp concludes with a hands-on pet first aid workshop on a canine mannequin!

Presented by Red Bank Veterinary Hospital
8/8 - 8/12, 9am - 2pm, Ages 11-14, $349
Additional sections available in the online schedule.

NEW! Young Investors & Entrepreneurs

Teach your kids the secrets of building financial wealth and security! Whether you want to build the next great American company, become a Wall Street tycoon, or be the millionaire next door by investing wisely - this camp is for you! In this course you will learn the basics of investing in the stock market, the difference between assets and liabilities, the importance of diversification, how to evaluate companies, and develop your own business plan.

7/18 - 7/22, 9am - 12pm, Ages 11-14, $249
**Also see Cooking, YouTube Creators, Sports Broadcasting, and Cyber Spies.

COOKING

NEW! Young Chefs: Intro to Cooking Favorite Foods

Inspire your child with new healthy recipes they get to make all on their own! Each day children will make one meal & one snack option. Your new Young Chef will leave camp with their very own cookbook filled with all the recipes they created! On the Menu: Cheesy Naan Pizza, Rainbow Bagel Bites, Guacamole Toast, Veggie Sushi, Taco Dip with Tortillas. Children never use anything sharp or hot during cooking lessons.

*Presented by Oh How Healthy!
7/25 - 7/29, 9am - 12pm, Ages 7-12, $299

NEW! Young Chefs: Intro to Cooking Sweet Eats

Inspire your child with new healthy recipes they get to make all on their own! Each day children will make one meal & one snack option. Your new Young Chef will leave camp with their very own cookbook filled with all the recipes they created! On the Menu: Cheesy Naan Pizza, Rainbow Bagel Bites, Guacamole Toast, Veggie Sushi, Taco Dip with Tortillas. Children never use anything sharp or hot during cooking lessons.

*Presented by Oh How Healthy!
8/15 - 8/19, 1pm - 4pm, Ages 7-12, $299

DIGITAL ARTS & TECHNOLOGY

Arts and Technology take new form in today's digital world. Introduce your child to the many forms of expression and creativity Digital Arts encourage. Black Rocket and Snapology programs are fueled by imagination and designed to inspire a new generation of creators and makers.

3D Game Design with Unity

Are you ready to take your game design skills to another level? With Unity, an industry-grade design software, aspiring game designers will learn level editing, 3D modeling, impactful gameplay creation, as well as how to utilize scripts and variables. Student-created games will be available on a password protected Black Rocket website to share with friends and family.

Presented by Black Rocket

7/5 - 7/8, 1pm - 4pm, Ages 11-14, $225

Advanced Robotics

Create a basic AI to program a robot using visual and text-based code. Utilize a variety of sensors that help your robot navigate and overcome daily class challenges. With your teammates, use the scientific method to formulate, observe, experiment, test, and modify your robot. No prior experience is required.

Presented by Black Rocket

6/27 - 7/1, 9am - 2pm, Ages 8-12, $349
8/22 - 8/26, 9am - 2pm, Ages 8-12, $349

Adventures in Augmented Reality!

Watch as holograms come to life in the first-ever augmented reality for kids! Students will work in cutting-edge software to create holographic scenes that are viewable with a smartphone and a magic futuristic cube. Get hands-on with your own digital creations in this one-of-a-kind experience! Student-created projects will be available on a password protected Black Rocket website to share with friends and family.

Presented by Black Rocket

7/11 - 7/15, 9am - 12pm, Ages 8-11, $225

App Attack!

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps. In addition to learning the basics of mobile app design and game development, you will also see firsthand how the world of App publishing functions. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to App Stores not included.

Presented by Black Rocket

6/20 - 6/24, 9am - 12pm, Ages 11-14, $225

Battle Royale: Make Your First Fortnite® Style Video Game

Fans of Fortnite we need you! Instead of playing the game, design your own. Using a professional 3D game development software, build levels and assets inspired by popular battle royale games like Fortnite. Students can participate in eSports League matches against other schools across the country with a chance to have their levels featured in the Black Rocket master build of the game! This course includes cartoonish action and battle sequences. Student-created games will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket

7/18 - 7/22, 9am - 12pm, Ages 11-14, $225
8/8 - 8/12, 9am - 12pm, Ages 8-11, $225

Code Breakers

Calling all future coders, programmers, and designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges and be on your way to becoming the next tech star! Whether you want to be a Silicon Valley CEO or a teen student millionaire programmer, this camp has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Returning students can create more advanced projects that build on previous years.

* Presented by Black Rocket

6/20 - 6/24, 1pm - 4pm, Ages 11-14, $225
8/22 - 8/26, 9am - 12pm, Ages 8-11, $225

Code Your Own Adventure! Interactive Stories

Watch as the characters in your imagination come to life in this unique course that blends classic storytelling with animation techniques and coding. Start with a concept, design the characters, and choose not just one ending, but many! Learn how to create your own text-based adventure games with variables, conditional logic, images, HTML, CSS, and Twine scripting syntax. Student projects will be available on a password protected Black Rocket website to share with friends and family.

*Presented by Black Rocket

8/15 - 8/19, 9am - 12pm, Ages 8-12, $225

.

Combat Robots & Remotes

Do you think your child can build the strongest and most agile robot? Can the robot win a head-to-head combat mission? In this Snapology Club program, students will discover basic strategies for building sturdy structures through learning engineering principles and then applying that knowledge to build a robot that uses motors. Robots will take part in friendly competitions. Students will have so much fun, but shhh, don't tell them this program is educational!

Presented by Snapology

6/27 - 7/1, 9am - 12pm, Ages 7-10, $225

NEW! Cyber Spies

With the world's increased reliance on digital data, cyber security is more important than ever! In this class you are all that stands between a group of international hackers launching cyber-attacks and world peace. Through a series of challenges students will learn to apply tools used by professional digital forensics teams to crack codes and use encryption. Working in teams you will have to collect clues, recover lost data, and explore the tools of the trade and become the next great cyber spy!

Presented by Black Rocket

8/15 - 8/19, 1pm - 4pm, Ages 8-12, $225

Drone Adventures

The Drones are here! Let the battles begin. In this hands-on, interactive class you will learn how to safely fly drone robots. You will be able to code your drone to compete in missions that will prepare you for the ultimate team challenge at the end of the week.

Presented by Black Rocket

7/25 - 7/29, 9am - 2pm, Ages 8-12, $349

8/1 - 8/5, 9am - 2pm, Ages 11-14, $349

Esports Apprentice - YouTube© Streamers and Gamers

Aspire to be the next pro gamer, streamer, or gamecaster? We'll get you started! No longer just a hobby, eSports is the fastest-growing career for the next generation. Over 400 million people watched YouTube videos and Twitch streams of video game competitions this year alone! Campers will develop game-play skills and compete using Black Rocket's eSports games and apps, learn how to produce commentary for live tournaments, use professional streaming software, and, most importantly, practice online safety. Student recordings will be available on a password protected website to share with friends and family. Videos will not be broadcast publicly but will be shared with all students in the class.

Presented by Black Rocket

7/18 - 7/22, 1pm - 4pm, Ages 11-14, $199

8/8 - 8/12, 1pm - 4pm, Ages 8-11, $199

JavaScript Developer Jam

Learn programming tools so powerful they seem like magic! Start off by learning an array of core programming concepts with JavaScript by experimenting in a series of digital challenges. Begin by programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation. Projects will be available on a password protected Black Rocket website to share with friends and family.

Presented by Black Rocket

7/5 - 7/8, 9am - 2pm, Ages 8-12, $289

KinderBots Robotics and Coding Camp

Children will begin to explore the world of robotics and coding, as they build simple models that teach the fundamentals of robotic design. Whether learning about sensors while building drills and magic wands or discovering ways that gears and pulleys create movement while building helicopters and robotic dogs, your child is sure to have a great time. Beginner coding is also taught as children learn how to program their robots to move.

* Presented by Snapology

8/1 - 8/5, 9am - 12pm, Ages 7-10, $225

Make Your First Video Game!

This one-of-a-kind camp shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts we'll explore. No prior experience necessary, just a desire to have fun. Student projects will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers; Mac versions can be created for $15.00 conversion fee.

* Presented by Black Rocket

6/20 – 6/24, 9am – 2pm, Ages 8-12, $349

Minecraft® Animators

Create the next popular animated Minecraft video on YouTube! Practice the same skills professionals at Pixar and Disney Animation Studios use. Discover the process of keyframing and tweening, how to use it to bring your own animated stories to life, and how to publish your content on YouTube. Student projects will be available on a password protected Black Rocket website to share with friends and family. Mac users can play their project at home but will not be able to edit the project without a PC.

* Presented by Black Rocket

6/27 – 7/1, 9am – 12pm, Ages 8-12, $225

Minecraft® Designers

If you love the game Minecraft and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Returning students can create more advanced projects that build on previous years.

* Presented by Black Rocket

6/27 – 7/1, 9am – 2pm, Ages 11-14, $349

Additional sections available in the online schedule.

UPDATED! Minecraft® Modders

Customize your own Minecraft world and mod the classic game in this one-of-a-kind class. Learn scripting and logic statements as you create your first mods. Students will create a wide variety of new elements, gameplay mechanics, and world generating mods to change the way you play Minecraft. Projects will be available on a password protected Black Rocket website to share with friends and family. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible.

* Presented by Black Rocket

7/25 – 7/29, 9am – 2pm, Ages 8-11, $349
8/8 – 8/12, 9am – 2pm, Ages 11-14, $349

UPDATED! Minecraft® Redstone Engineers

Take a step beyond simply "playing" Minecraft and become a true Redstone engineer. Expand your Redstone knowledge by constructing your own carnival with a variety of mini-games, roller coasters, and attractions powered by Redstone. Learn how to use Command and Structure blocks to incorporate into your builds. Activate your skills and take your Minecraft structures to the next level! Students must own a Java version of Minecraft to access their projects at home. Tablet, phone, and game console versions of Minecraft are not compatible.

* Presented by Black Rocket

7/18 – 7/22, 9am – 2pm, Ages 8-11, $349
8/15 – 8/19, 9am – 2pm, Ages 11-14, $349

Mini-Robotics: Sphero, Ozobot

Have fun experimenting with mini-robots! Coding, robotics, art, STEAM, and computer science will come alive with tiny, programmable mini-robots. Learn to use Sphero mini app drive in different modes, program with Javascript, or use as a controller to play games. With Ozobot, there is no end to the possibilities, as you create a different landscape of adventures, play games and color code with markers and "Ozoblocky," a coding language powered by Google's Blocky program. Have fun using toothbrush motor and vibration technology to build and take home your own "Bristlebot", Brush-Bot, and soda-can robot!

Presented by Super Science

8/1 – 8/19, 9am – 2pm, Ages 8-12, $329

Pokemon Masters: Designers & 3D Makers Unite!

Calling all PokeMasters who want to be the designers of the future! Use your Pokemon imagination and bring your ideas to life. Begin by creating your own digital Pokemon-style custom playing card game. Progress onto designing action figures, jewelry, and toys in professional-level modeling software. Learn how to prepare a model for 3D printing and create a design portfolio to showcase your work! No prior experience is necessary and 3D designs will be available on a password protected Black Rocket website to share with friends and family.

*Presented by Black Rocket

8/22 – 8/25, 9am – 12pm, Ages 8-14, $225

Additional sections available in the online schedule.

Python Programmers: Make Your Own Multiplayer Game!

Want to learn the world's fastest-growing programming language favored by Google, NASA, YouTube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will let you challenge friends with fun content you create from start to finish! Returning students can create more advanced projects that build on previous years.

* Presented by Black Rocket

7/11 – 7/15, 9am – 2pm, Ages 11-14, $359
7/18 – 7/22, 9am – 2pm, Ages 8-11, $359

ROBLOX® Coders & Entrepreneurs!

Discover coding in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of. This new camp combines game design concepts, coding, and fun! Young entrepreneurs will also learn how to navigate ROBLOX's fast-growing marketplace to publish their games. Student-created games will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket

7/25 – 7/29, 9am – 2pm, Ages 11-14, $359
8/1 – 8/5, 9am – 2pm, Ages 8-11, $359

ROBLOX® Makers

Unlock the power of ROBLOX® Studio, the world creation tool used by real-world ROBLOX® developers! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design. Student-created projects will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket

7/5 – 7/8, 9am – 2pm, Ages 8-11, $279
8/15 – 8/19, 9am – 2pm, Ages 11-14, $349

Rocket Kart Racers: Design A Mario Kart® Style Game

On your marks, get set, create! Blast off in making your first 3D Mario Kart® and Crash Team Racing® style game! Design your own tracks and customize your karts and characters. Using a professional 3D game development software, students will combine their creations into their own kart racing game they can play with friends and family at home. Campers can participate in eSports League races against other schools across the country with a chance to have their tracks featured in the Black Rocket master build of the game! Student projects will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket

7/25 – 7/29, 1pm – 4pm, Ages 8-11, $225
8/1 – 8/5, 9am – 12pm, Ages 11-14, $225

Video Game Animation

Take your game design skills to the next level by creating and animating your own character sprites, objects, and backgrounds. Start with a name, develop the character's personality, signature moves, special powers, and a storyline. Finish with a fully animated character to be used in your very own game. Students do not need any prior experience in game design, animation, or sketching. Student-created games will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket

7/25 – 7/29, 1pm – 4pm, Ages 8-11, $225
8/1 – 8/5, 9am – 12pm, Ages 11-14, $225

Virtual Reality: The Future is Now

Embark on an EPIC adventure in virtual reality! Learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. Students do not need a mobile device to take the class, but to use the VR headset a camper will need access to an Android or Apple mobile device. VR projects will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket
8/22 – 8/26, 1pm – 4pm, Ages 8-14, $225

NEW! YouTube® Content Creators

Find your voice and leave your mark! Whether you are seven or seventy, it's time to start a career as the next YouTube star. Explore the variety of content and personalities that exist on YouTube and how to find your own niche. Learn the Dos and Don'ts of the platform and how to practice good digital citizenship. Develop your on-camera presence, your own channel branding, and professional editing skills. Take home a plan for launching your own channel with the content created in camp. Student projects will be available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket
6/20 – 6/24, 9am – 2pm, Ages 8-12, $349
7/11 – 7/15, 9am – 2pm, Ages 11-14, $349

NEW! YouTube® FX Masters

In the digital age, nothing is impossible! Become a master of illusion by learning the techniques used by Hollywood masters to create FX magic. Whether you want to enhance your YouTube videos or create a cool scene to amaze your friends; this class teaches the tools you need. Experiment with visual effects as you learn the dynamics of camera angles, editing, graphic layering, and sound effects. Then watch as your new creations take your channel content to the next level! Student projects are available on a password protected Black Rocket website to share with friends and family.

* Presented by Black Rocket
6/27 – 7/1, 1pm – 4pm, Ages 8-11, $225
7/11 – 7/15, 9am –12pm, Ages 11-14, $225

*See also Pokemania Camp in the STEM section.

Film, Music, and Broadcasting

Broadway Singing: Musical Theater

Is your child a Broadway fanatic? Have them come and find their voice as a part of Broadway Singing: Musical Theater Ensemble. We will spend the week exploring the essential skills for being a part of a musical theater cast while learning and rehearsing numbers from today's most well-known Broadway shows! The week will culminate in a performance open to family and friends. No prior experience or auditions required. Join us for a show stopping time!

*Presented by Lincroft Music
8/15 – 8/19, 9am – 12pm, Ages 8-14, $225

Intro to Film & TV: Acting and Behind the Scenes

Wickline Casting began this course 20 years ago - teaching children to work as cast and crew team members. Kids learn basic levels of acting, directing, voice-over, and camera operation as well as working on green screen. Script writing, storyboarding and improvisation is also introduced. Each day is different as we create projects as commercials, film scenes, music videos and public service announcements. Increased memory, reading skills and confidence result. Truly learn the basics of the biz. After camp, all footage is sent to a professional editor and a keepsake flash drive will be mailed to each camper.

* Presented by Wickline
6/20 – 6/24, 9am – 2pm, Ages 8-12, $375
7/25 – 7/29, 9am – 2pm, Ages 11-14, $375

Music & Rhythm Factory!

Feel the beat and find your rhythm! Learn to play songs you love on a variety of instruments including boom whackers, hand drums, shakers & body percussion. We'll explore a variety of activities & games to learn timing techniques, build confidence and get creative in music! Rhythm and timing are fundamentals to music, and skills you will continually be developing as you improve as a musician. Perfect for kids wanting to explore music for the first time, and for students of piano, guitar, drums and voice to improve their musical skills. Come get in the groove!

*Presented by Lincroft Music
6/27 – 7/1, 9am – 12pm, Ages 7-12, $299

Wickline's Sports Broadcasting Camp

Football, Baseball, Hockey, Basketball - the only people without an off season are the sportscasters! If you love sports and want to learn what it's like to be an ESPN broadcaster, this camp is for you. Students will learn how to use their sports knowledge to create their own highlight reel. Each day will focus on a different sport announcing activity to develop public speaking skills, writing, and interview techniques. Students will also look at sports marketing and make a commercial as their favorite sports athlete! Footage of the student broadcasts will be professionally edited and mailed home after the camp.

* Presented by Wickline

7/18 – 7/22, 9am – 2pm, Ages 11-14, $375

Ukulele Luau! Songs of Summer

The ukulele (uke) is a fun 4-stringed instrument that is easy to learn. With this summer camp, you'll be playing fun songs after just one class! Learn the basics of playing ukulele including tuning, chords, strum patterns and techniques. We'll wrap up the week on Friday with a fun Luau to perform all the songs we learned over the week! This is an ideal introductory experience for kids who have an interest in music and is also a great bridge instrument to learning guitar. No experience required! Ukuleles will be provided for use during camp.

*Presented by Lincroft Music

7/18 – 7/22, 9am – 12pm, Ages 8-14, $225

Leadership and Debate

Day in Court

Play the roles of judge, defendant, plaintiff, witness, lawyer, bailiff or juror in several mock trials. Learn how to make opening and closing statements, how to phrase objections, and how to question witnesses. Pull all your skills together at the end of the week as you participate in a final mock trial based on actual events.

7/11 – 7/15, 9am – 12pm, Ages 9-12, $279

8/1 – 8/5, 9am – 2pm, Ages 11-14, $349

UPDATED! Model United Nations

Become one of the 400,000 students around the world in Model United Nations! Assume the role of an ambassador and represent your country to solve current world issues. Throughout the week students will research a world problem, develop solutions, and negotiate consensus with their peers. This program prepares teenagers in core skills such as research, writing, public speaking, problem solving, and conflict resolution. Model UN alumni have gone on to become supreme court justices, world leaders, lawyers, and business professionals.

No prior experience is needed.

8/15 – 8/19, 9am – 12pm, Ages 11-14, $229

UPDATED! Politics and Debate Camp

Calling all young debaters and politicians! Join us as we examine social and political theories, laws, and governments around the world and their impact on societies. Current hot topics and world events will guide us through the week of discussion and debate. Examine pivotal moments in history. Be prepared for an intense week of debating and critical thinking.

7/5 – 7/8, 9am – 12pm, Ages 11-14, $199 (4-day camp)

Lego Builders

Amusement Park Design

Explore theme park design and engineering as you work toward building a miniature Explore theme park design and engineering as you work toward building a miniature Amusement Park out of Lego® bricks. Bring your curiosity to enjoy hands-on learning about mechanical operations of rides, how gears of different sizes operate at different speeds, and how friction and non-friction influence movement. Two projects a day encourage brainstorming and collaboration. Examples of builds include the Famous Ferris Wheel, Carousel Swing, theme restaurants, ticket booths, waterpark, and a grand entrance. Exciting carnival-themed games in the Minute to Win It ® style add to the fun each day.

* Presented by Super Science
8/08 – 8/12, 9am – 2pm, Ages 8-12, $329

LEGO® Films and Stop Action!

Make your LEGOs come to life! Bring in your favorite action figures or LEGOs and create a short film with your friends. Whether you want to recreate a scene from Star Wars or design a world of your own, this class brings your dreams to the screen. Students will need to bring in LEGOs and/or action figures from home, but all other equipment is provided. Student-created films will be available on a password protected website to share with friends and family.

* Presented by Black Rocket

7/11 – 7/15, 1pm – 4pm, Ages 8-11, $199

Jedi Masters Camp

If you love Star Wars®, this is the summer camp for you! Come participate in Star Wars® themed building activities using LEGO® bricks and other interactive learning tools each day at this fun Snapology camp. Children will train to become LEGO® Jedi Masters by building scenes from the movies, designing spaceships, competing in light saber battles, and even creating their favorite characters out of LEGO® bricks. Come bond over a love of Star Wars® and become true Jedi by the end of camp. May the force be with you!

* Presented by Snapology

8/15 – 8/19, 9am – 2pm, Ages 8-12, $349

Magic, Mystery, & Fantasy

NEW! Lore Weaver: Make Your Own Dungeons and Dragons Game

Before video games existed, many developers got inspiration from playing games such as Dungeons and Dragons, Hero Quest, and Warhammer. By utilizing a mix of light online software for world and token creation, combined with physical dice, miniatures, and printed materials, campers will become storytellers and world builders, ultimately leading them to create their own campaigns for games like Dungeons and Dragons, Pathfinder and Decent. Campers will each receive their own 10-sided dice and access to both print and digital game boards of their creation to play with friends and family!

7/5 – 7/8, 9am – 12pm, Ages 11-14, $199

Escape Snapology Camp

Can you break the secret codes to "Escape" Snapology? Join us for a unique STEM-based children's escape room adventure! Hurry, your team has 60 minutes to discover clues, solve puzzles, answer riddles, and manipulate contraptions in order to complete tasks to ultimately unlock the door to escape Snapology! Campers will join forces using science, math, and critical thinking skills, as they work as a team to solve problems and escape! Games, LEGO® building projects, and creative play will be mixed into this amazing week of fun, too.

* Presented by Snapology

7/25 – 7/29, 9am – 12pm, Ages 7-10, $225

Magic Academy

Take an amazing adventure into the exciting world of magic. Learn how to make objects pass through other solid objects, read people's minds, make objects disappear, and more. Kids build confidence, improve mental health and their communication skills while having fun.   Receive a professional magic kit from the Discover Magic Program and perform in a student show on Friday. Students who complete both camps will earn their orange graduation magic wand!

* Presented by Academy of Amazement
7/18 – 7/22, 9am – 12pm, Ages 8-12, $249

Magic Curiosities and Treasures

Take an amazing adventure into the exciting world of magic. Find hidden magical treasures, create unique ways to sniff out a volunteer's card, make objects transform and more. Kids build confidence, improve mental health and their communication skills while having fun. Receive a professional magic kit from the Discover Magic Program and perform in a student show on Friday. Students who complete both camps will earn their orange graduation magic wand!

* Presented by Academy of Amazement
8/8 – 8/12, 9am – 12pm, Ages 8-12, $249

Secret Agent Lab

Look out, 007! From decoding messages to experimenting with metal detectors and night vision, campers will have the opportunity to check out spy equipment and step into the shoes of a detective! We'll uncover the science involved in gathering and analyzing evidence as well as the technology behind locks, surveillance systems and alarms. To test the limits of magnified observation, junior science sleuths will build their own binoculars and develop ways to work together to refine their observation skills. Campers will use what they have learned as they find, collect, and analyze evidence to connect the dots and solve a simulated crime scene!

* Presented by Mad Science
8/8 – 8/12, 9am – 2pm, Ages 7-11, $349
**Also – see Cyber Spies in the Digital Arts Section.

Sports

New! Fencing Camp

If you are looking for a sport to get in shape, build discipline, or instill confidence, fencing is the sport for YOU! Athletes of all levels of experience are welcome. With a focus on new technical and tactical skills, daily activities include: footwork, fencing drills, bouting, and more. Whether you want to compete in the Olympics someday, earn a scholarship, or just have fun - give fencing a try. Fencing equipment is provided for everyone. Students should dress comfortably, wear sneakers, and bring a water bottle.

*Presented by Freehold Fencing Academy
7/18 – 7/22, 9am –12pm, Ages 8-14, $249

New! Flag Football

Join us to polish your passing and receiving skills and learn the rules of the game in this coed sports camp. Campers will develop an understanding of offensive and defensive strategy through daily drills and lessons from coaches passionate about the game. Good sportsmanship and teamwork are always encouraged. Players of all skill levels are welcome! Students should dress comfortably, wear cleats, and bring a water bottle/ sunscreen.

7/11 – 7/15, 9am –12pm, Ages 8-14, $249

New! Next Basket Wins Summer Basketball Camp

Interact with NCAA collegiate basketball players in this hands-on, coed basketball program for students ages 6-14. Our top-level instruction provided by current college and high school basketball coaches will bring your skills to the next level! Campers will participate in shooting and dribbling drills, 3-on-3 games, 5-on-5 full court games, and receive direct instruction in how to improve their skills. Students should dress comfortably, wear sneakers, and bring a water bottle.

Presented by Next Basket Wins Basketball
7/25 – 7/29, 9am –12pm, Ages 8-14, $249
8/1 – 8/5, 9am –12pm, Ages 8-14, $249

New! REPS Soccer Camp

Football (soccer) is life! Join one of the best-known soccer camps in Monmouth County for a week of drills and scrimmages to bring your game to the next level. This camp is appropriate for beginners to intermediate levels. Campers will be grouped by age and ability levels. Students should dress comfortably, wear cleats and shin guards and bring a water bottle/sunscreen.

Presented by Reps Soccer Camps
7/18 – 7/22, 9am –12pm, Ages 8-14, $225
7/25 – 7/29, 9am –12pm, Ages 8-14, $225

New! Tennis Camp

Is your child the next Serena Williams or Roger Federer? This camp is perfect for players at beginner through intermediate levels. Campers will be separated into small groups of similar skill levels to practice new skills. They will also receive targeted feedback from our experienced tennis instructors to improve their play. Most importantly, we'll have fun with other tennis lovers while improving our skills and knowledge! Students should dress comfortably, wear sneakers, and bring a water bottle.

7/11 – 7/15, 9am –12pm, Ages 8-14, $249
8/1 – 8/5, 9am –12pm, Ages 8-14, $249

Science & Engineering (STEM)

Give your children roots in STEM this summer and watch them bloom! Science and Engineering are essential careers for our childrens' futures. These fun Brookdale camps are built upon STEM foundations – offering plenty of hands-on learning fun while cultivating critical thinking and problem-solving skills.

Chemical Wizardry

Get ready for a fun-filled "magical" laboratory experience, Harry Potter™ style. Enjoy making Flubber, Silly Putty, Super Hi-Bounce balls, and more. Have fun making light inside of a glow bottle, a mushroom monster, play dough, Glowing Goo, and even a tye-dye style shirt. We will create atomic worm polymers and lava lamp-like blobs. We will also demonstrate the Big Bang Cannon, diet Coke and Mentos Geyser, Magic Genie in the bottle, and more. Learning concepts include atoms and bonding, physical and chemical changes, acids/bases, and more.

* Presented by Super Science

All campers will take home a mini-chemistry kit & recipe booklet. Please bring a 100% white cotton T- shirt to the second class.

6/27 – 7/1, 9am – 2pm, Ages 8-12, $329

Discovering Dinosaurs Camp

Do you have a dinosaur fan? Snapology will dig deep into their imagination as we dive into the world of these prehistoric creatures in this hands-on camp. Kids will discover more about different dinosaurs, fossils, and what it takes to be a Paleontologist. They will also learn about archeology and how archaeologists dig up ancient artifacts for us to learn from. Join us for some Jurassic-sized fun as we discover the world of dinosaurs! ***Presented by Snapology***

7/5 – 7/8, 9am – 2pm, Ages 7-11, $279 (4-Day Camp)

Engineering Adventures

Dreamers and Builders wanted! From the Ferris wheel to the Empire State Building, engineers have been the backbone of our society. Every time you drive over a bridge, take an elevator to the top floor of a skyscraper, or ride a roller coaster there is an engineer who designed it. In this hands-on camp students will design->create->test->recreate their way through a series of engineering competitions to become master builders.

8/15 – 8/19, 9am –2pm, Ages 7-11, $349

Mad Machines and Rocking Rockets

Spring into a medley of scientific subjects and learn about the Earth and its animal inhabitants, simple machines, rocketry, flight, and chemical reactions. There's something for everyone! Build and race a car, construct a rocket, create animal tracks, build a bug house, and grow your very own crystal gardens to take home!

* Presented by Mad Science

7/18 – 7/22, 9am – 12pm, Ages 7-11, $249

Mad Machines Jr. Engineers

Whether you enjoy building or destroying structures, you'll love this camp! Work with pulleys, wedges, screws, and levers, build your own catapults and play robot soccer! Exercise your ability to work with others while constructing a geodesic dome big enough for all campers to fit inside! Let the engineering excitement begin!

* Presented by Mad Science

6/27 – 7/1, 9am –2pm, Ages 7-11, $395

NASA STEM Explorers & Journey to Outer Space

Mad Science has teamed up with NASA in a quest for exploration! We'll take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena in our solar system. Campers will investigate the mechanics of unique flying machines, such as balloon-copters, boomerangs, and mini hovercrafts. We'll learn how early "pilots" navigated throughout space as we create our own sextant and sundial. Explore the challenges of living in space as we assemble a satellite while training to be an astronaut. We will build our own Mad Science rocket and participate in a real "NASA" style rocket launch. Mad Science is the only organization licensed by NASA for Summer Camps.

* Presented by Mad Science

7/5 – 7/8, 9am –2pm, Ages 7-11, $315 (4 Day Camp)

Pokemania Camp

Come join Snapology for Pokemania Camp! Students will build and explore the world of Pokémon as they create their own pokeballs, training gyms, and even their very own generation of Pokémon. Kids will learn about real world science as they create habitats for Pokémon, architecture by building homes and gyms for their characters, and of course creativity, socialization, and fun. Your child will have a blast becoming the best Pokémon trainer ever!

* Presented by Snapology

8/8 – 8/12, 9am –12pm, Ages 6-11, $229

Squishy Circuits

Have fun using conductive and insulating playdough to learn about the basics of electric circuits! With Squishy Circuits, you will get to use unique electronic components to solve problems, engineer solutions and inspire your creativity and thinking. Build creative gadgets with buzzers, motors, LEDs, and more! This program will also feature inventions with LittleBits and Snap Circuits. All campers will take home a unique circuit alarm designed and built in class.

* Presented by Super Science

8/15 – 8/19, 9am –2pm, Ages 6-10, $329

STEM Quests

Are you ready for the quest? Students will compete and collaborate in a series of fun and interactive challenges throughout the week. Each challenge explores problems in science, technology, and engineering. As students discover different elements of the design process, they will use critical thinking skills to innovate their way to success!

7/25 – 7/29, 9am –2pm, Ages 7-10, $349
8/8 – 8/12, 9am –2pm, Ages 11-14, $349

Super Slimy Smokey Science

Dive into a variety of scientific fields as you mix and stretch silly putty and slime, copperplate nickels, and investigate the mysteries of optical illusions. Become captivated by lasers, dry ice, watch hair-raising Van de Graaff experiments, help solve a mystery, and so much more! Tinker with circuits, catapults, and experience what happens when you mix science and fun!

* Presented by Mad Science
8/1 – 8/5, 9am –2pm, Ages 8-12, $395

Underwater Explorers Camp

Students will discover all sorts of fun in the ocean in this interdisciplinary camp that uses robotics, coding, art and engineering concepts to learn about our underwater friends. Children will be too busy exploring the oceanic world, building and creating, to realize that they are gaining critical social and developmental skills. Let's learn while we build and create together this summer!

* Presented by Snapology
8/1 – 8/5, 9am –2pm, Ages 7-10, $349

COVID, Registration, FAQ

All in room programs will follow safety protocols recommended for educational and enrichment programs. For information regarding Covid safety procedures, any other questions, or to register please visit our website at
