

Community Café nine-month report  
Linda Ranges/ Bob Wasserman- co-liaisons

The Community Café is once again doing sit down meals but, due to Covid, very few, if any, people come each week to sit down and participate. Most people come in and take away prepacked meals. Recently a gentleman and his wife have stepped up and have been delivering about 140 meals each week to shut ins. The food truck has been suspended because of Covid but is set to resume the week of January 3.

To date Community Café has served 75,488 meals this year. From the start of the cafes in 2010 they have served 580,203 meals.

The Community Café continues to search for a volunteer to supervise the schedule for volunteers at Sisk Memorial Baptist Church.

Don Murfin had to reschedule meeting with our congregation, and we hope to have him visit after the holidays.

Just a reminder the Community Café has three locations:

The Community Café at Lake Wylie Lutheran Church, The Community Café at Lake Wylie Christian Assembly, and the Community Café of Sick Memorial Baptist Church.
