47% Hypertension
22% Diabetes
7% COPD

Why We Serve

York County Free Clinic's mission is to provide compassionate, quality healthcare to the uninsured, eligible adults in York County. It is our vision that York County residents have access to high-quality healthcare, regardless of their ability to pay.

Primary Care

Patients receive chronic, acute, and preventive care. We offer lab procedures and help patients with various diagnoses such as hypertension, diabetes, and high cholesterol. Clinic partners provide colon cancer screenings and other social and educational services.

Medications

Patients receive free medications through Welvista Medication Assistance Program.

Optometry

We provide eye exams and glasses.

Mammograms and Pap Smears

Mammograms and pap smears are offered to all eligible patients.
