Building & Restoring *The Beloved Community*

2023-2024 Community Report

Combined data from July 1, 2023 - June 30, 2024

Building Strength, Stability & Self-Reliance Through Shelter

Seeking to put God's love into action, Habitat for Humanity of York County brings people together to build homes, communities, and hope.

Driven by the vision that everyone deserves a safe, decent place to live, Habitat for Humanity of York County was founded in 1988. To date, we have partnered with more than 350 families through new construction and home repair programs. Additionally, over 3,000 individuals have accessed financial literacy education, and our neighborhood revitalization work has positively impacted the quality of life of thousands more.

The Beloved Community

The Beloved Community appreciates and recognizes the inherent worth of all people and is built on equity, justice, kindness, compassion, and love.

Across all programs and services, HFHYC works to advance the Beloved Community, a York County with equitable opportunities for individuals, families, and communities to thrive by advocating for access to resources, expanding opportunities, and completing activities that build the Beloved Community.
