Carolina Immigrant ALLIANCE

2025 Grace Outreach Grant Partner, awarded $5,000

Outreach Liaisons: Larry Winsch & Judy Fry

MISSION: We are allies in the effort to create diverse and welcoming communities through immigration legal aid, education initiatives, and relationship building.

Carolina Immigrant Alliance (CIMA) is a small non-profit clinic founded in 2017 that completes and files legal immigration applications for clients at a fee much less than that of private attorneys. In addition, donations are used to cover fees for clients who are unable to pay so that no client is turned away for lack of funds.
Since opening, CIMA has assisted clients from 34 nations.

CIMA's non-profit office is one of only a few in South Carolina. The majority of their clients are York County residents, but because of the lack of offices around the state, they also have clients from Greer, Myrtle Beach, Florence, Batesburg, and Columbia.

GRANT: funding from this grant will allow CIMA to expand their staffing and to work with more immigrants who need support and legal assistance.

Executive Director Judy Mobley writes to Grace:

"Thank you so much for the $5,000 grant to Carolina Immigrant Alliance. Your gift will allow us to increase working hours for an employee; these increased hours will allow us to complete more client applications to meet more needs.
I look forward to meeting more of your congregation as we partner together this year. Thank you for helping us care for people in need."
