

**Cremains Garden** – Thank you **Floyd & Pam Ritchie** for your care and upkeep commitment to the Cremains Garden. The garden is a peaceful, quiet, and inviting place for a time of remembrance and thanksgiving for those whose ashes are placed there. The fruits of your labor are appreciated and noticed!

**The White House Garden** - Thank you **Doris Lourigan** for your continued commitment to the White House garden. It provides a quiet place for someone alone or a group meeting. It has served as a Sunday School classroom recently. Our WELCM students have an awesome place to gather on Tuesdays. Your time and talent there are appreciated and noticed!

**Josh LeClerc** – Josh, you are a talented young fellow! We appreciate the time you have given to manage the camera and soundboard during worship and training others to do so. Quality live-streaming of the services has broadened our ministry outreach. Your time and talent are appreciated and noticed!

**Parish Life Committee** - Thank you for organizing the July baseball gathering and the August Ice Cream social. It was wonderful to be able to gather for fun and activities once again! Your creativity is enjoyed by all attending! Thank you for organizing and providing these social events!
