

My name is Paul Malina (paulmalinamusic@gmail.com) and I am about to start my Graduate Music Degree at Winthrop this January.

I'm looking for pretty much anyone who is willing to rent out a room or an apartment, or if someone is looking for a roommate to split the cost with. I'm really hoping to find something that could potentially last for the duration of my time at Winthrop, but I at least need something for this semester.

My budget is around \$500 a month, with a bit of flexibility. I don't want to rip anybody off, so I'm willing to work with anyone on making it affordable for both myself and whoever might be interested.

I do teach a handful of voice/piano lessons each week, but my students never come to me. I either teach virtually, or in person at my students house.

Apart from my lessons, much of my time will be spent at the school. I'll be working this semester as a Graduate assistant. I'll have a handful of classes as well.
