

South Carolina Synod Assembly – I See Jesus
June 8-10, 2023
Columbia, SC

Theresa Miller's Experience

As a first time Synod voting member, it was exciting and informative. 330 of us gathered in Columbia South Carolina, and about ¼ of us, including myself and Josh, were first timers.

We got to see “who” the Synod is. We got to see and meet the *people* that make up Synod. It was great to put names and faces together, to realize that Synod is not a building or a place – it’s what we contribute to, and who helps us.

The Assembly was an uplifting time of reports, speeches, prayers, and worship. We met interesting, committed people sharing the word of God.

We gathered to review and look forward to our congregations’ and communities’ growth in sharing where we see Jesus. It was exciting to be around people who were all wanting to share what their congregations and wider church are doing.

We heard about Outreach and Lutheran Camps with skits, music, and pamphlets <https://scsynod.com/assembly/media-and-news/explaining> many of the ways the South Carolina Synod reaches out and shares where we See Jesus.

If given the opportunity to attend a Synod Assembly, please say yes and go see what our Father has in store for us.
