

Buyer's Guide

&

Membership Directory

Letter from Our President

Dear Member,

Our Buyer's Guide & Membership Directory is a member benefit designed to bring valuable business opportunities to our member companies. Each member company receives their listing complimentary with their membership. The data is housed in our online database, PrintAccess (printaccess.com) and is search engine optimized to allow for your company to be discovered more frequently when buyers search for products, services, and equipment by zip code radius. PrintAccess has been a valuable source of buying information for more than 13 years.

The enclosed guide is derived from PrintAccess. With over 1000 sub-category search words, it is the perfect way to allow prospective customers to find YOU! Our statistical data shows that on average there are over 14,000 PrintAccess searches for industry companies every month and our region ranks #1 in mobile searches consistently with over 36% of total clicks. This confirms that more and more buyers are looking for providers in the central portion of the United States.

I encourage you to review your company listing and make sure it is current. You can log in and update it any time, especially with new contact information, capabilities or equipment. Please select as many subcategories that apply, as these are the searchable fields within the database. If you do not know your password, contact our Association office at 800-788-2040 or info@piamidam.org.

The enclosed guide lists the more than 500 companies comprising our membership in our four-state region. In reviewing this guide, you will find that our members reflect a broad range of providers and suppliers. PIA MidAmerica is a true representation of the industry in our region.

Now is the time to review your company listing and log in to printaccess.com to make sure this resource is working for you.

A handwritten signature in black ink that reads "Teresa J. Campbell".

Teresa J. Campbell
President
PIA MidAmerica

Meet Our Staff

Teresa Campbell
President

Teresa Campbell is the President and CEO of PIA MidAmerica representing print and imaging companies in Texas, Oklahoma, Missouri and Kansas. Born and raised in the Midwest, Ms. Campbell attended Central Missouri State University where she graduated with a degree in Graphic Art Technology Management in 1992. Prior to her role as president, she served as Regional Director of PIA MidAmerica in Missouri and Kansas. With 25 years of industry experience she has held several positions in Operations Management throughout her career, owned her own business and taught Graphic Communication for Metropolitan Community Colleges in Kansas City.

Dave Pierson
Director Membership Development

Dave Pierson serves as the Director of Membership Development at PIA MidAmerica and has been the facilitator of the DFW "Lean in Action" Group. Prior to joining PIA MidAmerica in January of 2014 Dave held various production management positions in the printing industry for over 40 years. He was a trainer at his company for the Phil Crosby Quality College and has been involved in implementing TQM principles and achieving ISO certification at his companies as well. Dave was first introduced to our industry through the printing curriculum at his high school in New Jersey and went on to graduate from Rochester Institute of Technology with a degree in Printing Management.

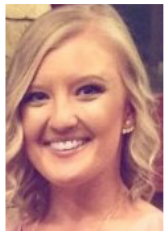

Stacy Steiner
Regional Director Missouri/Kansas/Oklahoma

Stacy has over 30 years of printing industry experience. She began her career in a small print shop with just her and the owner running everything production related, including the dark room, pressroom and bindery. Shortly after that she went into typesetting, then customer service and eventually sales, where she stayed for 27 years. The printing industry has always been a passion of Stacy's. "I love the creativity, technology and speed of this industry." Born in Michigan, then moved to Seattle Washington in 1988 where she raised 2 amazing boys who are now hard working adults. She relocated back to the Midwest a few years ago with her husband Mark (also in the printing industry), enjoying the 4 seasons again, outdoor recreation and traveling with family and friends.

B.J. Irvin
Director of Education & Technology

Over the 30 years B.J. has been in the Print and Graphic industry, she witnessed first hand the many changes our industry has seen in the last quarter century. Her work experience is in prepress and technical sales, but her true passion has always been teaching people about new technologies. For the past 13 years, B.J. has enjoyed providing educational programs to PIA MidAmerica members and being able to assist members on a myriad of issues. She lives in Ben Wheeler, Texas on a 25 acre dairy goat farm with her husband, extended family, and two grandchildren - all of whom she loves to cook for.

Audra LaCroix
Membership Assistant/Office Administrator

Audra is our newest team member and is new to the print industry! She attended The University of Texas at Austin for 2 years, and is finishing her English degree online while working at PIA MidAmerica. She looks forward to getting to know our members and learning the ins and outs of print. Her job includes answering the phones, maintaining our membership databases, and assisting staff with our many events. In her free time she enjoys travelling, spending time with friends and family, exploring Dallas' bars and restaurants, and taking her Great Dane puppy to the dog park.

Tanya Stuebner
Accountant

Tanya is a native North Texan. She studied strategic management and accounting at the University of North Texas and has over 22 years of experience in business, finance and accounting. Tanya enjoys helping companies reach their optimal financial goals. She has two wonderful children, one in college and one in high school. Tanya has been married to her college sweetheart, Lee, for 22 years. In her free time, she volunteers at the McKinney High School Tennis Club as Treasurer and various events at St. Jude Catholic Church. She loves tennis, musicals and spending time with her family.

Annual Dues Investment: \$3,480.00		

All “Member Savings” data referred to above are documented examples of savings achieved through PIA MidAmerica Membership.

Make Association Membership a Profit Center.

Printing and Imaging Association of MidAmerica Membership Return on Investment

PIA MidAmerica members can truly maximize their dues investment by utilizing the various services and products offered by their regional and national Associations. Regardless of a company's size there are offerings which are exclusive to Association members and provide a true Return on (Your Industry) Investment!

The examples illustrated here are based on four different sized companies: \$1 Million, \$5 Million; \$10 Million and \$20 Million in annual sales, with the assumption that the programs/services illustrated are being utilized.

Not part of the equation are the variety of intangibles which are an integral part of any association – continuing education, networking, legislative advocacy (state and federal), information and best practices exchange, and many of the Association's free support and counseling services.

If your company needs more information about any of these services – and wishes to maximize your Return on (Your Industry) Investment, give Member Services a call at (800) 788-2040 or email info@piamidam.org

_ Attention All PIA Members _

Note that this Buyer's Guide & Membership Directory information comes directly from PrintAccess.com.

We encourage you to read the following about PrintAccess and consider updating your Company listing so that your information in the next Directory will be complete and accurate.

The largest on-online directory of print and media resources available to the print and graphics industry. Thousands of companies nationwide. It is the data that is used to produce this directory.

What Is PrintAccess?

PrintAccess is an electronic buyer's guide for the printing and graphic communications industry which showcases Printing Industries of America's member companies in North America. This Directory is derived from that data and information - so with that we encourage you to consider the following:

If you are a PIA Member you have a Listing already but, it might need some Updates:

We encourage you to view your information on PrintAccess and make whatever updates you want to best showcase your company capabilities and services. See below for how to update your listing.

To Make Changes in PrintAccess:

All PIA MidAmerica member companies are assigned a login and password to PrintAccess under the Key Contact's email address. Currently, PrintAccess only allows for one user login and password per company. If you don't know yours, call the PIA MidAmerica office at 800-788-2040 and speak to a staff person. You will be assigned a login and initial password so that you may update your company listing on PrintAccess.

Benefits of Using PrintAccess

See all the benefits PrintAccess can offer whether your company is a listing or you are a print buyer searching for products and services:

- PrintAccess is used by 300,000 users annually conducting more than 700,000 searches annually.
- Your listing has the potential to bring in new customers and keep repeat customers coming back.
- It is free to list your information on PrintAccess and is great advertising for your company.
- PrintAccess takes the guesswork out of finding graphic arts products and services.
- Users are not required to provide login information or special signup.
- Detailed information on company specialties and equipment is provided with just a few clicks.
- You will save time and frustration of countless phone calls, Internet searches, and emails you would have otherwise made.
- You can search for local resources and get what you need close to your business.
- When using PrintAccess you will get reliable information from a trustworthy source.

Logging into PrintAccess

Note: Please remember your password as once it is assigned; it is no longer available to the PIA staff.

If you do forget it, use the "Forgot Password" option just above the the login area in the top right hand corner of the PrintAccess Home page.

Get Started

- 1.) Go to www.printaccess.com and go to the Bottom Left Hand Corner of Screen - Click on "Member Login"
- 2.) Enter your email address and password.
- 3.) Now follow the five-step process to update your company logo, product offerings, services, and equipment.

Today most purchasing for printed products and media services start with a web search. Let PrintAccess provide your company with the web search engine visibility it deserves.

Contact Audra LaCroix at audral@piamidam.org to answer any questions about this newly updated search engine. You may also reach her at (800) 788-2040, ext. 101.

CAPABILITIES

You will find specific services under each of these main capabilities and all PIA MidAmerica Members who provide them in the following pages. If you need assistance finding a particular print service, please contact the PIA Office at 800-788-2040 and speak to a Staff Member.

Graphic West
4051 N NE 323 Loop
Tyler, TX 75708
<http://www.graphicwest.com>

Edwin Adcock
eadcock@graphicwest.com

Founded in 1983, Graphic West Machinery is an international supplier of converting and gluing equipment to the box carton industry. It has locations in Australia, Denmark, the United Kingdom, and the United States. It sells new and reconditioned machinery in over 60 countries, along with customized auxiliary equipment. Graphic West Scandinavia, a unit of Graphic West Machinery based in Denmark, is proving that innovation can come from unlikely sources. The company took the lead to develop an on-demand print packaging workflow that some drug companies and packaging printers considered to be impossible. The company identified opportunities to consolidate production steps, reduce costs, and improve efficiency in the production of medicine boxes, and took action to turn this concept into reality.

Abbott Label

A Performance Driven Company

Abbott Label is a performance driven, trade only manufacturer of both stock and custom pressure sensitive and non-pressure sensitive labels and tags. We do not sell directly to end user consumers and we rely solely on our trusted distribution channels. From our inception in October, 2000 to today, we have been driven by a single focus: to become the best wholesale label company in America.

From our humble beginnings in 2000, we have grown to four plants with a combined 200,000 square feet of space. Today, our plants stretch from coast to coast, and we are able to serve every label re-seller in the country within a 24 hour period. We have succeeded by adhering to a single focus: To serve our customers and help them grow by consistently outperforming our competitors and exceeding our customer's expectations every day.

Our company's roots in the label industry can be traced back over 35 years. During that time, our product mix has evolved to meet the ever changing needs of our re-seller customers. While we still offer many of the same high quality stock label products today, our product offering now includes 4 color process labels, digitally printed labels, integrated and affixed labels, as well as flexible packaging and full variable printing through a wide variety of print media. We will continue to work tirelessly to earn your business, because that's the Abbott way.

The Abbott Label Way 80 Employees.

Lubbock, TX 79423

Michael Stevens

(888) 226-5533

FAX (806) 745-5889

mikes@action-printing.com

For over twenty years, Action Printing has provided print and marketing solutions to clients across the United States and even across the globe in Canada, Europe, and Australia. We started out in an 800 ft² building and had just two employees (a husband and wife) equipped with only an offset press and a walk-up copy room. We've now grown into an 8,000 ft² building with 31 employees equipped with a black and white press, a digital full-color press, traditional offset presses, inkjet mailing services, and a whole host of binding equipment.

And as the Marketing Industry has evolved, so has Action Printing. In addition to our print products, we now offer other services including custom graphic design, direct mail list creation, online marketing, and more. We strive to provide the latest and most effective marketing techniques to complement our print products. For example, Action Printing now provides an online ordering system to make ordering personalized documents from us easy and hassle-free.

Action Printing provides a full-service "one-stop" shop offering design, printing, marketing, and analysis all under one roof. We pride ourselves in being problem solvers and helping our clients go beyond the single transaction and building true, ongoing business relationships between our clients and their customers.

Airport Printing Service is a premier, woman-owned commercial printing company in El Paso, Texas, located in the beautiful southwestern United States.

We at Airport Printing Service have expanded our business reach to the region as well as the entire nation with our online printing Web site. Our Internet presence offers easy access to all of our "brick and mortar" services including: direct imaging, 200 line screen printing, stochastic printing, complimentary aqueous coating, superior customer service and reasonable pricing. Our website also provides a convenient avenue for our customers to submit their orders.

When our clients submit their jobs to Airport Printing Service, our customers can count on superior service throughout the entire process: price quoting, job intake and scheduling, prepress file integrity verification, printing, bindery, delivery and mailing. By offering various turnaround options, we at Airport Printing Service deliver dynamic solutions for all your printing needs.

John Eastty
FAX (512) 476-0092
john.eastty@austex.com

Aus-Tex is proud to be a long-standing member of the local printing community. Printing companies have long been defined by the equipment they use, the raw services they offer and the facilities they maintain. However, gone are the days of resting on yesterday's laurels. Today, consumers are inundated with advertising and communications from all sides, so cutting through the clutter to make a genuine impact is growing more difficult.

Aus-Tex boasts highly competitive printing capabilities consistent with the top printers in the Austin area. But, in truth, top ranking printers are having more difficulty maintaining a technical edge in the market. At Aus-Tex we define our capabilities differently than our competitors. Starting with your great ideas or business objectives, we align and combine our services to deliver not only top quality, but real results. The return on your investment is what defines our core capabilities.

Our customers have relied on our individual turnkey services since 1946. In recent years, clients are drawn to our end-to-end solutions for communicating with their audiences and marketing their products and services. Aus-Tex partners with long-standing clients and one-time customers alike to integrate our core capabilities into your operations. Strategy, creative, production, logistics and fulfillment all add up to equal one thing. Results.

Opened in July 2012, our corporate headquarters and Austin location sits on 10 acres and is a state-of-the-art facility built to handle both commercial and residential recycling streams. The facility has the ability to process 25 tons per hour of mixed recycling which includes several paper, plastic, metal and glass grades. The Austin facility was built with green technologies in place to increase the sustainability of the site. Features include passive lighting, solar panels and an electric car charging station.

Each of our customers has a unique set of needs and goals, and together we work to achieve them.

We create and operate several online storefronts for our customers that allow them to order static and customized products on the internet, saving them time and money.

We developed and implemented a cross channel campaign that generated a 12% response rate and a 50% increase in spring service business over the previous year.

We created a streamlined, customized solution for one customer who needed a way to provide 60-75 orders of business cards on a daily basis.

One company that produces floss for needlework projects needed a better way to provide color reference materials; our color accuracy helped them replace costly sample kits of actual floss with a print version.

We developed customized production workflows for the quick turnaround necessary on livestock sale catalogs.

Each of these solutions was created and implemented based on conversations with our customers about what they needed to accomplish. Even after we've developed a solution, we continually work to find even better ways to get it done.

Contact us and see for yourself why so many companies in the United States and all over the world trust us to tell their story.

Ten years ago the BrightMARKS business strategy was introduced. The concept was to add some type of visual improvement to the end-users paper and packaging products.

Today all brands are built on product perception, performance and are positioned to drive the highest value to their customers and shareholders.

The BrightMARKS client is focused on category growth, market share gain and sustainable profitability

Visual enhancements deliver product recognition for our clients and deliver end-users the highest value possible

BrightMARKS is so much more beyond printing. Our state of the art technology and experience helps our clients make their print and packaging stand out from the crowd.

Business Ink specializes in data-driven communication services for regulated government agencies and high volume commercial corporations. We have manufacturing facilities in Austin and Fort Worth strategically located near postal hubs, allowing us to deliver highly customized print, mail and fulfillment solutions to customers in all 50 states. Business Ink has over 160 employees and is certified as a Woman Owned Business Enterprise and HUB vendor.

We will work with your information to create and deliver communication aligned with your mission and programs. Our expert capabilities include:

Data management - including parsing confidential data and transforming it into a practical format for clients

Print services - sheet fed, web, digital black & white, digital Color Mail piece construction

Direct mail program management

Media replication and duplication

Document recreation and preservation

Document and records management materials

Kitting and assembly

Fulfillment program management

Inventory management

Enhanced distribution, including USPS and commercial carriers

Custom reporting for all services and deliverables

In its simplest form, Business Ink is a one-source, business process-centric company that consistently meets and exceeds our customers needs. Our experience and longstanding reputation in this industry assure you that we will readily assemble the correct resources to man-age, package, and distribute your high-profile data and content.

The scope of Creative Printing Co. capabilities is unique. We are a true full-service printer. All of our operations are performed in-house. Our capabilities include, but are not limited to: ~ Advanced UC printing techniques with our new 6-color & UV coat KBA Rapida 105. This press has a maximum sheet size of 29" x 42" and can print on material up to 48pts in thickness.

~Traditional offset printing with the most technologically advanced offset printing press.

~Finishing (die-cutting, embossing, foil-stamping)

~The newest in digital printing and cutting technology, up to 4' x 8' x 2".

~Flexibility in providing final packages that meet your unique needs, including collation and kit-packing. Creative Printing is one of the largest commercial and digital printers in both Kansas City and the United States - recently placing in Printing Impressions Top 400. 40 Employees.

We handle the complexities of delivering your brand to your locations and customers, so you can focus on other important initiatives.

Through the creation of scalable print and promotional product programs, we simplify complexities, reduce costs and time to market, and meet the unique needs of your brand. We immerse ourselves in our clients' brands, becoming an extension of your team and marketing function as well as your expert partner in the complicated space of print, promotional products, menus, direct marketing, and e-commerce.

Specializing in franchises and businesses with multiple locations, we tailor our curated collection of services to the unique needs of our clients who represent networks of hundreds, and in some cases thousands, of locations throughout North America and around the world.

EFI is award-winning technology is everywhere. Used by tens of millions of professionals worldwide, our products and solutions have been transforming businesses for over 20 years. We are pioneers in desktop publishing, cloud solutions, workflow tools and digital output, and we continue to invest in the research and development of new technologies that help businesses adapt and thrive in ever-changing markets.

- Our self-service and payment systems are used by millions of people every day.
- We can remotely match colors on two different printers on two different continents.
- We're revolutionizing the ceramics industry with digitally printed tiles.
- Our mobile and cloud printing software lets users print to any printer, anytime, anywhere. Our productivity software improves efficiencies, lowers waste and increases your profits.
- And we continue to expand the high-margin opportunities of digital printing with our inkjet solutions.

Associate/Epic Products is the developer of the original Delta Dampening System for sheetfed and web offset presses. Delta significantly increases both the print quality and productivity of any press by reducing color variation, ghosting, and makeready waste. In addition, and perhaps most significantly, the Delta System virtually eliminates hickies from the process, even with recycled stock. Epic also manufactures a complete line of coating systems for both sheetfed and web presses.

Flesh Co is a trade only printer that specializes in custom continuous forms, unit sets, laser cut sheets and custom labels. We offer numerous value-added products which include variable image printing, roll products, integrated cards and labels, clean release cards, label/form combinations and custom label products in addition to our full service bindery. We are FSC and SFI certified and a registered printer of EPA Uniform Hazardous Waste Manifests.

Many of our products are produced as custom shells to be digitally imaged for direct mail applications involving membership, non-profit, insurance or other ID oriented applications.

We provide bar code labels and forms for applications in medical, lab testing, warehouse and distribution facilities. Information and samples can be downloaded from our website as well as educational whitepapers. We also offer a bi-monthly e-newsletter. Registration is found on the home page of our website. Foxy Propaganda: Specializing in short-run, variable and on-demand printing. We believe that every job deserves the highest attention to detail and quality. We deliver by providing the latest equipment (digital and traditional), best processes (Stochastic & 300-line screen), and people (30 years experience). More than ink and paper, we also offer the latest in VDP and "cross-media" campaigns (print, Web & email).

Rogelio Rodriguez

roy@interconpaper.com

We are a supplier of PRIME papers for the printing and packaging industry with both domestic and imported papers available. What sets us apart from your traditional paper companies is that we can custom convert to your sheet and roll sizes to your specification.

Our large converting capacity allows us to ship to our customers custom sizes with 48-72 hours of receipt of order. Standard sizes are sometimes in stock and can ship in 24 hours. Slitting and rewinding custom or standard sizes in 1-2 days.

From Gloss and Silk, Text and Cover stock, Un-coated Offset Free sheets, SBS Board, CIS & C2S-8-24 point, Newsprint, Hi-Brite Ground Woods, Directory and even Counter Rolls, Kraft & White, we can pretty much cover most of the needs of your commercial printers. 49 Employees.

Lincoln Press is composed of several different divisions to serve a variety of printing and graphics needs. Our state of the art facilities stay abreast of changing trends and developments in the industry. We have an excellent staff that uses the latest technology available to supply you with a superior product. Our offset facilities can handle the printing of everything from business forms, brochures and letterhead to pocket folders and direct mail. Our expertise in large format printing produce items such as short run posters, point of purchase items, window decals or pieces that might be subject to weather. There is rarely a printing project beyond our capacity.

Our business is print and packaging, but our strength is problem-solving. We focus on innovation. If you've got a challenge, we'll work with you to develop a unique solution, putting our network of resources to work and executing in a way that's effective, beautiful, and memorable. That's what our customers have come to expect, and we deliver.

We specialize in consumer brands, entertainment, and healthcare, with expertise that crosses over into any market that can benefit from our dedication, ingenuity, and follow-through. Our employees live and breathe the business, and our management team draws upon decades of relevant experience. We're up for your challenge, whatever it is. Check out our work, and let us know when we can help you.

NextPage is More Than Print. With the most complete printing facility in the Midwest, NextPage offers clients commercial offset printing, digital printing with HP Indigo and HP Inkjet Web presses, the most extensive bindery and mailing operation seen in a traditional printing company, as well as the most automated/service oriented provider you will see anywhere. Using proprietary technology, we create automated programs that provide extensive cost savings for our clients. Add to that one of the most marketing savvy teams and you are able to create true marketing automation that marries digital channels with print for true multi-channel marketing success.

Kansas City, MO 66214
www.odtinc.com

Tami Lansford
tami.lansford@odtinc.com

On Demand Technologies, LLC is a technology and digital printing company who competes in the Graphic Arts industry. ODT's strategic differentiation is its workflow automation software developed for most of its enterprise solutions. ODT configures software to build complex applications for companies who desire to execute printed and non-printed communications that are predominately data-driven, with no human interface. 18 Employees.

Post Press Specialties was established in 1992 as (primarily) a small letter-press shop. Since then, they have grown and diversified into a full-service trade bindery employing close to 100 workers. Operating out of a 130,000 square foot (climate controlled, underground) facility in Independence, Missouri, Post Press Specialties is without question the largest print finisher in the Kansas City Metropolitan area. Post Press takes a lot of pride in their quality, large capacity and quick turn-around capabilities. They have an experienced CSR staff to assist you from the start to the finish of your project. Two full time estimators are always available to provide you with quick quotations. Post Press also offers design assistance and consulting to help you plan your next finishing project as cost effective as possible.

Professional Printing is a full service web, sheet printing and direct mail facility. We specialize in direct mail, laser cut sheets, padded forms, inserts and variable imaging, to name a few. Our numerous press capabilities include four color process, roll to sheet printing, perforating and punching.

Our variable imaging is performed on-line with our presses. This allows both text and graphics to print differently in various areas of the sheet while the basic sheet prints static.

This unique feature is ideal for mailing announcements such as seminar notices, meeting notices, recall notices, special sales and new product announcements. Printing the variable address at the same time as the static printing eliminates the additional cost of off-line steps such as addressing or sending it to a separate facility for addressing and mailing.

jim.barker@richardson-group.com

Richardson Printing is a sheet-fed multi-color printer with state-of-the-art digital direct-to-plate technology working from both Mac and PC platforms. Offset presswork is performed on two Komori presses. The 40-inch Lithrone LS40 can perfect 4/2, 4/1, 3/2, 3/1, 2/2, 2/1 or 1/1 and has an

Aqueous Coater in line. It is equipped with Komori's Automatic Plate Changing system to cut make-ready time drastically. The second press is a Lithrone 28 with a maximum sheet size of 20x28 3/8 w/Aqueous Coater. The company still has full-service bindery and a large fulfillment center. All services are supported by a highly professional and experienced customer service team. Digital printing with variable information capabilities will be operational in 2007.

Sales Tax Recovery Consultants has been serving the printing industry since 1998. We do predominant use engineering studies on electric and gas bills up to 4 years back and exemption on future bills. There are no upfront fees or risk to your business. Our fee is a portion of the tax refunded and we get nothing until you receive the refund which goes to you, not us. Sales tax that we are able to get refunded or credited will be exempted on future bills.

SixB Labels Corporation has taken a Simplifying Labeling approach to Labels, Barcodes and Labeling Products since 1979. The Dallas-based manufacturer specializes in custom Product, Business, Outdoor, Digital, Electronic and Specialty Labels. It has honed expertise in single and combo methods of flexography, foil stamping, embossing, silkscreening, thermal and HD digital printing. Barcodes are available in printing multitudes of symbologies; trainings; program consultations; digital files; and distribution of printers, software, readers and verifiers. Additional label products for purchase include label applicators, dispensers, printers and ribbons. Ultimately, you might have not gotten into business with a passion for labels, SixB Labels did and has been passionate for 38 years and counting. 40 Employees 40 Employees.

Spartan Printing, located in the center of the metroplex, is a sheet fed printer exclusively "To The Trade". We deal only with other printers, distributors, brokers agencies and packaging companies. Spartan has been a family owned business since 1963 delivering award winning quality and service.

State of the art digital prepress with direct to plate along with an in house graphic designer complete the front end of our operation.

Our large press division encompasses all Komori's utilizing (1) 20"x28" 5 color plus coater, (1) 20"x28" 6 color and (2) 6 color 40" presses with in-line aqueous coating capabilities.

We have a small press division consisting of (2) AB Dick 9800's and (1) Ryobi 3302 2 color press.

Digital Printing is achieved on an HP 7800 press. This press is a true ink press, not a toner based machine.

Our Large Format Department consist of (1) Vutek QS2 80" by any length press plus (1) Kongsberg Router. The press can print rigid material as well as roll products. The router can handle many different substates up to 5'x10'.

Finishing out our operation is a full service bindery department complete with die cutting up to 28x40, high speed folding/gluing for cartons, folding, stitching and much more in house, as well as a partnering with outside bindery operations to make Spartan Printing your complete one stop "Trade Only Printer". 48 Employees.

Texas Recycling/Surplus is a family-owned-and-operated paper recycling company with more than 45 years of experience in the printing industry. The company buys loose and baled paper, aluminum litho plates, and also provides document destruction services. Texas Recycling also provides containers, prompt pick-up service, communication and a "hands-on" attitude that begins with the company's owners.

Since the beginning, We've specialized in one thing: finding creative solutions for our customers' office challenges. We do that by building relationships based on trust, experience, expertise, and an uncommon amount of common sense. Customers have learned to trust UDP to help maximize their productivity and performance while saving time and money.

UDP has been locally owned and operated since 1988 - with local sales, local service, and local support. Our phones are answered by real people who are committed to answering your questions quickly and professionally.

We are Kansas City's largest local and independent dealer, able to represent the best solutions from a variety of manufacturers. More than 4,000 area companies have turned to us for their office productivity needs. 100 Employees.
