

Dick has worked the self storage industry since 1982 starting working at Space Metal buildings. Space worked with State Senator Theodore Alexio to promote Legislation and sponsoring the Lien Laws for protection of self storage investors. This Legislation ultimately encouraged the formation and inception of the Massachusetts Storage Association.

Dick enjoys an on going relationship with the State Associations in the North East Territory and has spoken at several State meetings. He joined Rabco Corp in 1999 because of their ability and expertise in multistory self storage capacity.

He continues to service customers in the North East with single story, multi story and mezzanine systems. His services include providing the customer with layouts and unit mix analysis, to the developer for budget development and feasibility analysis of their project.
