

Crosscut Saw Giveaway – The Latest, and The History

By Darrell Wallace

Phase 2 is on the trail. Tom Faubion refurbished more saws for distribution and we handed or mailed off ten more saws to trail lovers in Utah, Colorado, Idaho, Nevada, and Washington. We ship via USPS, wrapping the saws in hose sheaths and cardboard. The recipients reimbursed us for mailing costs, usually about \$25 (USPS factors in distance, so Eastern deliveries can go up to \$50).

BIG THANKS to our members who have recently donated saws! Linda Hamilton (WA – two saws), Lynn Herrington (WA), Elizabeth Bigham (SC – three saws), Anonymous member (MT), and The Kirklands (OR).

Tom and Darrell are still looking for more saws to recondition. Any rusty old hulk is probably worthy of shipping to us for inspection, but if you really have doubts, send Darrell a photo. BCH Washington has limited funding to pay for shipping, so it will cost you nothing to donate a crosscut saw. PLEASE look in Grandpa's old barn, or try to talk a collector out of an ugly looking saw.

Tom has several saws ready to go! In order to apply for a saw, OR if anyone has questions about donating an old saw, contact Darrell Wallace dlwallace700@gmail.com.

Getting saws out to sawyers has a history for Tom Faubion: he has been collecting and refurbishing crosscuts to people for over ten years, estimating that he has given away over five hundred saws to people who agree to use them to saw logs out of trails. Tom and Darrell want to acknowledge the people who have donated saws over the years, mostly from Washington. * indicates multiple saws.
