Dear Brother in Christ,

We all need a special friend at one time or another... someone who loves and accepts us without judging...someone who can see the person God made us to be. Jesus is this friend for me.

I pray that you will see Jesus this weekend and that you can experience His love through the Kairos Team. I pray that His love will touch your heart and begin to change your life. I hope that you too will make Jesus your friend.

Your friend in Christ,
