

Hello my name is Betty K. Lewis, playfully known as “Betti Lu”, and I wanted to introduce myself as a potential Board Member.

I am a native Vermonter who moved to Maine in March 2020. I am happily married to Jennifer Greaves and we live in Portland.

I am a retired medical SW and I served in the VT Air National Guard for 20 years where I was a firefighter and served as the 1st Sgt of my squadron for the last 6 years of my military career.

One of my passions in life is paddling with Dragonheart Vermont, a breast cancer survivor and support organization, which has a huge commitment to making a heart difference by giving back to the community.

Like many others, “ I felt like I was home” after my 1st visit to the Unity Center of Spiritual Growth.

I became a member through the Independent Study Program during COVID.

I am presently involved assisting in garden care and the following church groups: Women Empowering Women, and Spiritual Exploration.

I also serve as a member of the family committee for the Sebago Lakes Region Fuller Center for Housing.

If given the opportunity to become a board member, I would look forward to deepening my spiritual growth by being of service to our church community and lovingly holding the vision for our church
