Selection Process

- Company selections are made on an ongoing basis
- Selection Committee members typically refer the BVF project team to the CEO of a company of interest
- The BVF project team then briefs the company of interest on the opportunity to present at the BVF and provides them with an application form after exploring a fit
- The company provides a verbal commitment of its interest in presenting and submits a completed application form, which must be submitted before the company can be formally selected
- The Selection Committee grants final approval of all company selections
- Presenting companies will then receive a formal offer letter from the BVF project team

Registration Cost

- \$1,345 CDN (Presenter)
- \$675 CDN (Each Additional Delegate)
- \$425 CDN (Early Stage Presenter) One registrant per company
- Once a company has received its formal offer letter, online registration and payment must be completed within one week in order to confirm acceptance

Logistics

- The BVF is a **SHOWCASE** opportunity for exceptional technology companies - presenting companies need not be actively fundraising in order to present
- Detailed program, timings, and logistical details will be forwarded upon company selection
- Company profiles to be submitted to the BVF project team following approval from the Selection Committee
- Early stage company presentations are to be a maximum of five minutes and main stage presentations are to be a maximum of eight minutes
- PowerPoint slides must be submitted in advance
- Main Stage Presenting Companies have the opportunity to set up an exhibitor booth at the Forum
