

MGC District News Winter D3B Dillenbeck continued:

We design new hardscapes and landscapes while incorporating soil improvements, and natives. Some clubs are even planning new rain gardens which integrate advanced designs to utilize run-off instead of just letting it go and ruin our yards. Whatever we all do is totally up to you.

I'm going to end the year with a poem. Maybe it can help with a little humor for right now, enjoy!

A Michigan Poem – Author Unknown

It's winter in Michigan and the gentle breezes blow,
seventy miles an hour, and thirty-five below.

Oh, how I love Michigan, when the snow is up to your butt.

You take a breath of winter air, and your nose gets frozen shut.

Yes, the weather here is wonderful, so I guess I hang around.

I could never leave Michigan, cuz I'm frozen to the ground!

See ya next year!
