

Ronnie Dush Continued:

I'm also working on several other committees. First the Bylaws and P&P committee members have been reviewing many items and is in the process of making revisions. You will hear about many at the 2026 MGC Conference in June. I'm working with the Finance Chair (Ron Osgood) & committee learning about how MGC handles its finances, whew. Another committee is getting things ready for the MGC 2026 Conference. Details – details! This fall MGC hosts Central Region (CR) fall meeting, Oct 6-7. Our committee is planning on having this conference be virtual (Zoom) meeting. We have a lot of arrangements to have worked out yet, but it will be something new for many of CR members to experience Zoom. And, if you can believe, D2B is starting to plan for the 2027 MGC State Conference. One thing I need to point out is that all these meetings so far have been ZOOM meetings. Having to learn how to use Zoom has had its challenges at times.

I want to thank Lisa Robinson and all the MGC membership for all the support that she has given to me. Hope to see many of you at District meetings and the State Conference.
