

featuring all the characters at the Bedford Library. Vendors were busily tending to their customers and a food truck was also available for visitors.

Milan Garden Club held a garden walk on July 20 starting at the Hack House Museum. A food truck was available for lunch with many vendors to shop and buy their products. With our map we were off to see many lovely gardens.

As fall quickly approaches District 2A gardeners are thinking about what to do to put the gardens to bed. Our fall conference has several wonderful speakers to help with that issue. Jan Coppola Bills from, Two Women and a Hoe is speaking on "Gardening With Comfort and Ease." Jon Nash from Nash Nurseries is speaking about putting the garden to bed for the winter with, "Good Night Garden." Jared Harmon, one of three breakout speakers in the morning has as his topic, "Invasive Species Management." Rochelle Balcom has a wonderful historical program, "Thyme to Walk in the Garden of Graves." Great speakers for our fall conference on Friday, September 27th at Fr. Joe Family Center 420 North St., Milan. Milan Garden Club is our host club and has been planning a fun day for everyone attending the conference. So much knowledge to help us Grow and Share.

October 1st is the deadline to send your awards to Awards Chair Sue Soderberg. Check the awards out on Michigan Garden Clubs, Inc. website. Password is mgcgrow; One word all lower case.

Belonging to MGC is such a benefit to all who belong to this great organization. Our schools, Landscape Design, Flower Show schools, Environmental are for everyone. Check these out on the website.

A huge thank you to all 14 clubs in District 2A for turning in their rosters and dues promptly. You are appreciated.
