

## The MGC Marketplace is Open!

MGC offers the following merchandise for sale to promote MGC projects. Payment is through the secure MGC PayPal account. Complete order form, place order, and pay with credit or debit card. All prices include sales tax, handling, and shipping. You will receive a confirmation that your order has been received, and you will receive a payment confirmation from PayPal showing your funds have been received.

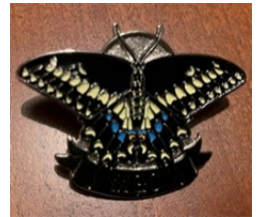

### NEW! Michigan Garden Club Lapel Pin

This beautiful Michigan Garden Club pin illustrates the new MGC logo with its “state of Michigan, waters, and apple bloom”. Awarding the MGC Logo Lapel pin to new members extends a welcome from your club and shows recognition of your club’s affiliation with Michigan Garden Club. Wear it proudly to garden functions to signify a commitment to your club, district and state organization. **Coming soon!**

### Black Swallowtail Pin

The MGC Black Swallowtail Butterfly project is a legislative plan to designate the Black Swallowtail Butterfly as the state butterfly of Michigan. The Black Swallowtail pin is a wonderful way to help promote HB4159, the Black Swallowtail Bill, as it is a great attention getter. [Order Form](#)

### Life Achievement Award

The MGC Life Member Achievement Award is a great way to recognize someone who has contributed significantly to the success of a Michigan Garden Club. Many clubs present this award annually to honor selected members. [Order Form](#)

### Blue Star & Gold Star Memorial Pins

The Blue Star and Gold Star lapel pins are a great way to support MGC Blue Star and Gold Star Memorials. Encourage club members to purchase one. [Order Form](#)

### Pollinator Signs

Show your support for restoring native habitat and regenerating biodiversity by planting native plants. Refrain from using pesticides and order your pollinator sign here. Don't forget: These pollinator signs also make great speaker gifts! [Order Form](#)

## MGC Logo Sign

A 16" x 24" large aluminum sign can be extremely useful to let people know your club's meeting location. As visitors enter your town, they may recognize the Michigan Garden Club logo and know that a member garden club is nearby. This is a great way to label the gardens your club created and/or maintains.

## Native Plants Patch

The Native Plants Patch depicts the Dwarf Iris native plant found only in northern Michigan. The Patch is 3" in diameter with an iron on backing. Clubs are encouraged to hold an educational program on native plants.
