

### 3B Read More

Lawrence has a long heritage of Flower Shows which started in the 1930's by some current members, mothers and grandmothers. It's a special day for sure. I know this because it's my garden club! And without the talented members we could not have accomplished our 79th Flower Show. Huge thanks to the ladies and gentlemen who make this possible. I applaud you all!

D3B will also offer session two of Gardening School September 12 - 13 in Sawyer Michigan, hosted by River Valley Garden Club. And lastly, our District 3B Fall meeting will be on October 1, and the topic will be "Fall into Houseplants". This will be held in Niles Michigan. Please contact me if you have any questions.
