

Club members work in teams to plan, plant and maintain five community garden projects. The gardens include:

- The Clock Garden, chaired by Aileen Thompson, it is in the heart of the city. This garden brings beautiful color to the streetscape and joy to all who pass by.
- Center Pointe Garden, chaired by Dan Andrews, welcomes visitors to the city. It is a gateway garden on the main thoroughfare. It has recently been redesigned with perennials, annuals, paths and seating that invite year-round enjoyment.
- Trish Payne chairs Rust Park Gardens. The park's playground and nature walks are enhanced by thematic raised beds, the veteran's memorial garden, a certified monarch way station, human sundial garden and native plant garden. The community enjoys recreation and an opportunity to learn amidst the beautiful gardens.
- Heritage Museum, City Hall, Chalet Shoppes, chaired by Debbie Glasstetter is composed of eye-catching container plants, raised beds, sign beds, perennial gardens, certified monarch way station and a fairy garden. Fall and winter displays bring year-round charm.
- Sue Hendrix is chair of Blue Star Memorial Garden at Great Lakes National Cemetery, it features lovely red, white and blue plantings at the cemetery entrance.

Touch the Earth Garden Club endeavors to welcome and beautify communal urban spaces for all ages and a variety of activities. Grand Blanc City officials honored and recognized the club for receiving the MGC First Place Civic Beautification Award at the July 10, 2024, city council meeting. Touch the Earth Garden Club was also selected and featured in a segment for NBC25/Fox 66 News' Local Heroes. It was filmed at the Center Pointe Garden on July 17, 2024.

District 6 Touch the Earth Garden Club is a proud member of Michigan Garden Clubs, Inc. MGC has been essential in supporting our club as we volunteer in our community, seek to learn and strive to grow. Together, we look forward to the future!
